## 5. Notification of Meeting

The City Clerk will provide information as to how the following items on the Agenda were publicized.

## 6. Development Permit and Development Variance Permit Reports

City Clerk to state for the record any correspondence received. Mayor to invite anyone in the public gallery who deems themselves affected by the required variance(s) to come forward.

6.1	Black Mountain Dr 1150 - DP18-0103 & DVP19-0088 - 1152712 B.C. Ltd.	5 - 29
	To consider the form and character of a multi-family residential development and to consider a variance to increase the maximum height of a retaining wall.	
6.2	Lindahl St. 2005 - DVP18-0154 - Nicholas and Cheryl Kirschner	30 - 40
	To consider a rear yard setback variance from 7.5 metres to 3.0 metres for the second dwelling on the subject property.	
6.3	Aberdeen St 2331 - DVP19-0025 - Gary Carpendale, Ruth Carpendale, Riley Darke and Casey Darke	41 - 46
	To vary the maximum site coverage for accessory buildings from 90m2 to 97.2m2 on the subject property.	
6.4	Pooley Rd 3060 - DVP19-0080 - Michael Neid	47 - 53
	To consider a Development Variance Permit application to reduce the minimum lot area from 4.0 ha to 0.6 ha to subdivide the subject lot for the purpose of creating a new lot for a water reservoir and pump station.	
6.5	Airport Way 5505-5507 - DVP19-0086 - Midwest Ventures Ltd. BC0046021	54 - 65
	To consider a Staff recommendation to NOT issue a Development Variance Permit to vary the prohibition on off-site signs.	

## 7. Reminders

8. Termination

## BYLAW NO. 11672 TA18-0007 – Energy Step Code Amendment

A bylaw to amend the "City of Kelowna Zoning Bylaw No. 8000".

The Municipal Council of the City of Kelowna, in open meeting assembled, enacts as follows:

1. THAT Section 6 – General Development Regulations, be amended by adding a new Section 6.17 Energy Efficiency in its appropriate location that reads as follows:

## "Section 6.17 Energy Efficiency

6.17.1 Any Part 9 residential building, as defined by the BC Building Code, that is constructed to Step 5 of the BC Building Code's Energy Step Code or is constructed as a certified Passive House, may reduce the minimum **side yard, rear yard, front yard**, and/or **flanking street** requirements of the zone by up to 0.25 metres, except:

(a) Where there is a minimum requirement of 6.0 m for a **front yard** or from a **flanking street** to a garage or **carport**, that 6.0 m may not be reduced;

(b) Where there is a minimum requirement of 1.2 m for a **side yard**, that 1.2 m may not be reduced; and

(c) Where there is a minimum requirement of 1.5 m or less for a **rear yard**, that 1.5 m or less may not be reduced."

2. This bylaw shall come into full force and effect and is binding on all persons as and from the date of adoption.

Read a first time by the Municipal Council this 13<sup>th</sup> day of May, 2019.

# **REPORT TO COUNCIL**

Date:	June 4, 2019			Kelowna
RIM No.	0940-00			
То:	City Manager			
From:	Community Pla	inning Department (WM	))	
Application:	DP18-0103/DVP19-0088		Owner:	1152712 BC Ltd.
Address:	1150 Black Mountain Drive		Applicant:	Patrick McCusker Architecture Inc.
Subject:	Development P	ermit and Development	t Variance Perm	nit Application
Existing OCP De	signation:	MRL – Multiple Unit Re	sidential (Low I	Density)
Existing Zone:		RM3 – Low Density Mu	ltiple Housing	

## 1.0 Recommendation

THAT Council authrozes the issuance of Development Permit No. DP18-0103 for Lot 1 Section 19 Township 27 Osoyoos Division Yale District Plan KAP81890, located at 1150 Black Mountain Drive, Kelowna, BC subject to the following:

- 1. The dimensions and siting of the building to be constructed on the land be in accordance with Schedule "A";
- The exterior design and finish of the building to be constructed on the land, be in accordance with Schedule "B";
- 3. Landscaping to be provided on the land be in accordance with Schedule "C";
- 4. The applicant be required to post with the City a Landscape Performance Security deposit in the form of a "Letter of Credit" in the amount of 125% of the estimated value of the landscaping, as determined by a Registered Landscape Architect;

AND THAT Council authorizes the issuance of Development Variance Permit No. DVP19-0088 for Lot 1 Section 19 Township 27 Osoyoos Division Yale District Plan KAP81890, located at 1150 Black Mountain Drive, Kelowna, BC;

AND THAT variance to the following section of Zoning Bylaw No. 8000 be granted:

## Section 7.5.9: Fencing and Retaining Walls

To vary the maximum height of a retaining wall from 1.2 metres to 2.5 metres proposed.

AND THAT Council's consideration of this Development Permit and Development Variance Permit be considered subsequent to the outstanding conditions of approval as set out in Schedule "A" attached to the Report from the Community Planning Department dated June 4, 2019;

AND THAT the applicant be required to complete the above noted conditions of Council's approval of the Development Permit Application in order for the permits to be issued;

AND FURTHER THAT this Development Permit is valid for two (2) years from the date of Council approval, with no opportunity to extend.

### Purpose 2.0

To consider the form and character of a multi-family residential development and to consider a variance to increase the maximum height of a retaining wall.

### **Community Planning** 3.0

Community Planning is recommending support for the proposed 26 unit multi-family residential development project. The application meets the Official Community Plan (OCP) Comprehensive Development Permit Area design guidelines and the intent of the original Bell Mountain Area Structure Plan. The proposed town house style development provides for a greater variety of housing within the Black Mountain area and is considered compatible with the existing neighborhood.

### Proposal 4.0

### **Project Description** 4.1

The applicant is proposing a multi-family residential development consisting of 26 units in row house form. Each unit would contain three bedrooms and vary in size from approximately 1,430 ft<sup>2</sup> to 1,807 ft<sup>2</sup>. The 26 units would be contained in four separate buildings. Buildings 2 and 3, which front on Black Mountain Drive, will have entrance ways oriented off of the public street frontage. Buildings 1 and 4 will be accessed internally from the common access road.

The project meets the parking requirements of the Zoning Bylaw. Four visitor parking stalls are located at the end of the internal access route and hammerhead turnaround. The majority of the parking for residents is provided in garages and driveways in tandem configuration with three end units having side by side configuration.

The form and character of the buildings have a contemporary exterior using natural colours and materials such as brick and wood. The four buildings are staggered and stepped to provide greater visual interest from Black Mountain Road.

ILLUSTRATION 01 (VIEW FROM BLACK MOUNTAIN DRIVE)

## Variance – Retaining Wall Height

The applicant is requesting a variance to the maximum permitted height of a retaining wall from 1.2 m to 2.5 m to accommodate entrance ways and an internal pedestrian walkway along Black Mountain Drive for Buildings 2 and 3. Given the site conditions and the existing multi-use path on the west side of Black Mountain Drive there is limited space to grade or tier a retaining wall to meet the bylaw requirements. The proposed wall would be overheight for approximately 27 m along the Black Mountain Drive frontage.

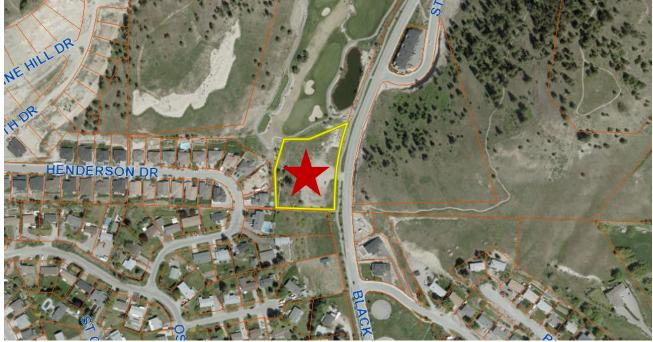

The positioning and height of the proposed retaining wall supports the associated pedestrian oriented entrance ways along the fronting street. As the provision of the features aids in meeting the objectives and guidelines of the OCP's Comprehensive Development Permit Area, staff are supportive of the variance. Further, the wall is not anticipated to have any significant negative visual impact.

## 4.2 Site Context

Specifically, adjacent land uses are as follows:

Orientation	Zoning	Land Use
North	P3 – Parks and Open Space	Black Mountain Golf Course
East	RM3 – Low Density Multiple Housing	Vacant
South	A1 - Agriculture	Residential
West	RU1h – Large Lot Housing (Hillside Area)	Residential

## Subject Property Map: 1150 Black Mountain Drive

Zoning Analysis Table				
CRITERIA	RM <sub>3</sub> ZONE REQUIREMENTS	PROPOSAL

Private Open Space	25 m² per 3 bedroom Total: 650 m²	766 m²		
Minimum drive aisle width	6.o m	6.o m		
Maximum Retaining Wall Height	1.2 M	2.5 m <b>0</b>		
Indicates a requested variance to Section 7.5.	9: Fencing and Retaining Walls			

## 4.3 Zoning Analysis Table

## 5.0 Current Development Policies

## 5.1 Kelowna Official Community Plan (OCP)

## **Development Process**

**Compact Urban Form.**<sup>1</sup> Develop a compact urban form that maximizes the use of existing infrastructure and contributes to energy efficient settlement patterns. This will be done by increasing densities (approximately 75 - 100 people and/or jobs located within a 400 metre walking distance of transit stops is required to support the level of transit service) through development, conversion, and re-development within Urban Centres (see Map 5.3) in particular and existing areas as per the provisions of the Generalized Future Land Use Map 4.1.

## 6.o Technical Comments

6.1 Development Engineering Department.

## Development Permit & Development Variance Permit DP18-0103/DVP19-0088

This permit relates to land in the City of Kelowna municipally known as

## 1150 Black Mountain Drive

and legally known as

## Lot 1 Section 19 Township 27 Osoyoos Division Yale District Plan KAP81890

and permits the land to be used for the following development:

Multi-family Residential Development

The present owner and any subsequent owner of the above described land must comply with any attached terms and conditions.

Date of Council Decision

Decision By: COUNCIL

Issued Date:

Development Permit Area: Comprehensive Development Permit Area

This permit will not be valid if development has not commenced by June, 2021.

Existing Zone: RM3 – Low Density Multiple Housing Future Land Use Designation: MRL – Multiple Unit Residential (Low Density)

## This is NOT a Building Permit.

In addition to your Development Permit, a Building Permit may be required prior to any work commencing. For further information, contact the City of Kelowna, Development Services Branch.

## NOTICE

This permit does not relieve the owner or the owner's authorized agent from full compliance with the requirements of any federal, provincial or other municipal legislation, or the terms and conditions of any easement, covenant, building scheme or agreement affecting the building or land.

Owner: 1152712 BC Ltd.

Applicant: Patrick McCusker Architecture Inc.

Terry Barton Urban Planning Manager Community Planning & Strategic Investments Date

## 1. SCOPE OF APPROVAL

This Development Permit applies to and only to those lands within the Municipality as described above, and any and all buildings, structures and other development thereon.

This Development Permit is issued subject to compliance with all of the Bylaws of the Municipality applicable thereto, except as specifically varied or supplemented by this permit, noted in the Terms and Conditions below.

The issuance of a permit limits the permit holder to be in strict compliance with regulations of the Zoning Bylaw and all other Bylaws unless specific variances have been authorized by the Development Permit. No implied variances from bylaw provisions shall be granted by virtue of drawing notations that are inconsistent with bylaw provisions and that may not have been identified as required Variances by the applicant or Municipal staff.

## 2. CONDITIONS OF APPROVAL

- a) The dimensions and siting of the building to be constructed on the land be in accordance with Schedule "A";
- b) The exterior design and finish of the building to be constructed on the land be in accordance with Schedule "B";
- c) Landscaping to be provided on the land be in accordance with Schedule "C"; and
- d) The applicant be required to post with the City a Landscape Performance Security deposit in the form of a "Letter of Credit" in the amount of 125% of the estimated value of the landscaping, as determined by a Registered Landscape Architect.

This Development Permit is valid for two (2) years from the date of Council approval, with no opportunity to extend.

## 3. PERFORMANCE SECURITY

As a condition of the issuance of this Permit, Council is holding the security set out below to ensure that development is carried out in accordance with the terms and conditions of this Permit. Should any interest be earned upon the security, it shall accrue to the Developer and be paid to the Developer or his or her designate if the security is returned. The condition of the posting of the security is that should the Developer fail to carry out the development hereby authorized, according to the terms and conditions of this Permit within the time provided, the Municipality may use enter into an agreement with the property owner of the day to have the work carried out, and any surplus shall be paid over to the property own of the day. Should the Developer carry out the development permitted by this Permit within the time set out above, the security shall be returned to the Developer or his or her designate. There is filed accordingly:

a) An Irrevocable Letter of Credit in the amount of \$354,150

Before any bond or security required under this Permit is reduced or released, the Developer will provide the City with a statutory declaration certifying that all labour, material, workers' compensation and other taxes and costs have been paid.

## 5. INDEMNIFICATION

Upon commencement of the works authorized by this Permit the Developer covenants and agrees to save harmless and effectually indemnify the Municipality against:

a) All actions and proceedings, costs, damages, expenses, claims, and demands whatsoever and by whomsoever brought, by reason of the Municipality said Permit.

All costs, expenses, claims that may be incurred by the Municipality where the construction, engineering or other types of works as called for by the Permit results in damages to any property owned in whole or in part by the Municipality or which the Municipality by duty or custom is obliged, directly or indirectly in any way or to any degree, to construct, repair, or maintain.

## The PERMIT HOLDER is the <u>CURRENT LAND OWNER</u>. Security shall <u>ONLY</u> be returned to the signatory of the Landscape Agreement or their designates.

## MEMORANDUM

Date: May 18, 2018

File No.: DP18-0103

To: Urban Planning Management (TH)

Development Engineering Manager (JK) From:

Subject: 1150 Black Mountain Dr.

The Development Engineering Department has the following comments and requirements associated with this Development Permit application DP18-0103. The road and utility upgrading requirements outlined in this report will be a requirement of this development.

The Development Engineering Technologist for this project is Andy Marshall

### 1. **Domestic Water and Fire Protection**

This development is within the service area of the Black Mountain Irrigation District a) (BMID). The developer is required to make satisfactory arrangements with the BMID for these items. All charges for service connection and upgrading costs are to be paid directly to BMID.

### 2. **Sanitary Sewer**

The developer's consulting mechanical engineer will determine the requirements (a) of this proposed development and establish the required size and preferred location of the new service. Only one service will be permitted for this development. The applicant, at his cost, will arrange for installation of a new service.

### 3. **Storm Drainage**

The developer must engage a consulting civil engineer to provide a storm water management plan for the site, which meets the requirements of the Subdivision, Development and Servicing Bylaw No. 7900. The storm water management plan must also include provision of lot grading plan, minimum basement elevation (MBE), if applicable, and provision of a storm drainage service for the development and / or recommendations for onsite drainage containment and disposal systems. Only one service will be permitted for this development. The applicant, at his cost, will arrange for the installation of one overflow service if required.

### **Road Improvements** 4.

a) This development application will be limited to one access to Black Mountain Dr. maximum 6m wide.

## 5. Electric Power and Telecommunication Services

All proposed service connections are to be installed underground. It is the developer's responsibility to make a servicing application with the respective electric power, telephone and cable transmission companies to arrange for these services, which would be at the applicant's cost.

## 6. Design and Construction

- a) Design, construction supervision and inspection of all off-site civil works and site servicing must be performed by a Consulting Civil Engineer and all such work is subject to the approval of the City Engineer. Drawings must conform to City standards and requirements.
- b) Engineering drawing submissions are to be in accordance with the City's "Engineering Drawing Submission Requirements" Policy. Please note the number of sets and drawings required for submissions.
- c) Quality Control and Assurance Plans must be provided in accordance with the Subdivision, Development & Servicing Bylaw No. 7900 (Part 5 and Schedule 3).
- d) A "Consulting Engineering Confirmation Letter" (City document 'C') must be completed prior to submission of any designs.
- e) Before any construction related to the requirements of this subdivision application commences, design drawings prepared by a professional engineer must be submitted to the City's Development Engineering Department. The design drawings must first be "Issued for Construction" by the City Engineer. On examination of design drawings, it may be determined that rights-of-way are required for current or future needs.

## 7. Servicing Agreements for Works and Services

- a) A Servicing Agreement is required for all offsite works and services on City lands in accordance with the Subdivision, Development & Servicing Bylaw No. 7900. The applicant's Engineer, prior to preparation of Servicing Agreements, must provide adequate drawings and estimates for the required works. The Servicing Agreement must be in the form as described in Schedule 2 of the bylaw.
- b) Part 3, "Security for Works and Services", of the Bylaw, describes the Bonding and Insurance requirements of the Owner. The liability limit is not to be less than \$5,000,000 and the City is to be named on the insurance policy as an additional insured.

## 8. Other Engineering Comments

a) Provide all necessary Statutory Rights-of-Way for any utility corridors as required.

## 9. <u>Geotechnical Report</u>

a) Provide a comprehensive geotechnical report prepared by a Professional Engineer competent in the field of hydro-geotechnical engineering to address the items below: NOTE: The City is relying on the Geotechnical Engineer's report to prevent any damage to property and/or injury to persons from occurring as a result of problems with soil slippage or soil instability related to this proposed development.

- Overall site suitability for development.

- Presence of ground water and/or springs.
- Presence of fill areas.
- Presence of swelling clays.
- Presence of sulphates.
- Potential site erosion.
- Provide specific requirements for footings and foundation construction.

- Provide specific construction design sections for roads and utilities over and above the City's current construction standards

## 10. Development Permit and Site Related Issues

Access and Manoeuvrability

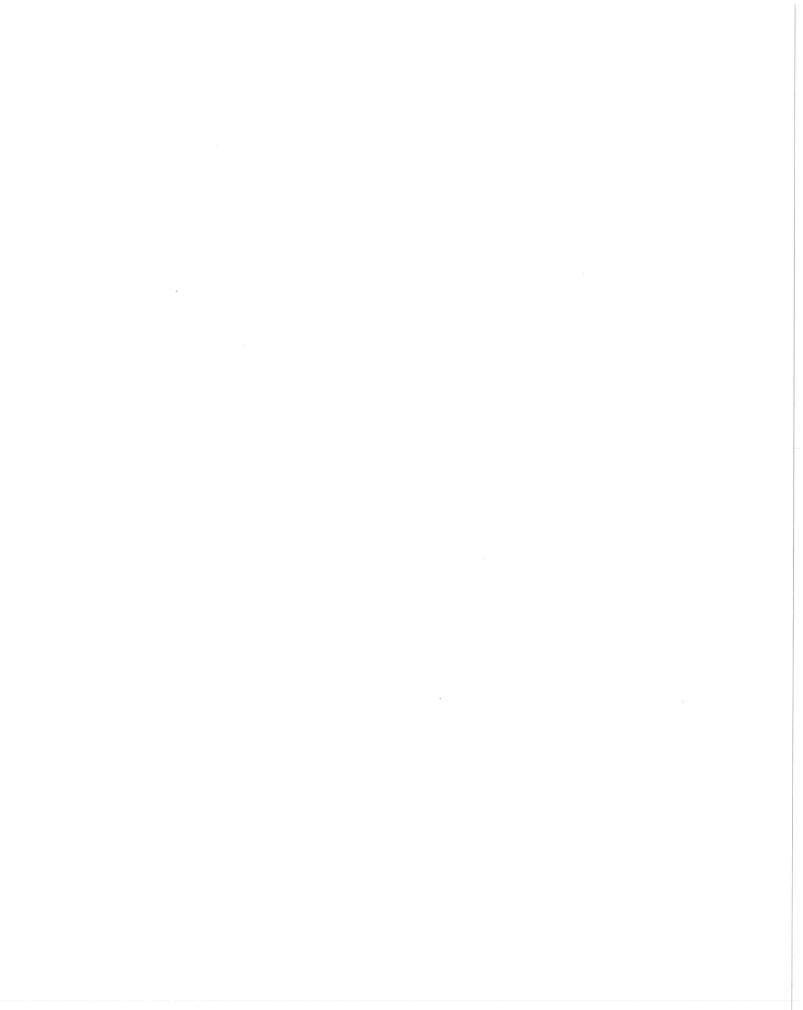

(i) Ensure acceptable turning movements onsite for MSU design vehicle.

## 11. Charges and Fees

- a) Development Cost Charges (DCC's) are payable.
- b) Fees per the "Development Application Fees Bylaw" include:
  - i) Engineering and Inspection Fee: 3.5% of offsite construction value (plus GST).

James Kay, P. Eng. Development Engineering Manager

# **REPORT TO COUNCIL**

Date:	June 4 <sup>th</sup> 2019			Kelowna
RIM No.	0940-00			
То:	City Manager			
From:	Community Pla	nning Department (AC)		
Application:	DVP18-0154		Owner:	Nicholas and Cheryl Kirschner
Address:	2005 Lindahl Street		Applicant:	Urban Options Planning and Permits
Subject:	Development Variance Permit			
Existing OCP Designation: S2RES – Single / Two Unit Resident		Init Residential		
Existing Zone:	RU6 – Two Dwelling Housing			

## 1.0 Recommendation

THAT Council authorizes the issuance of Development Variance Permit No. DVP18-0154 for Lot 4, Section 19, Township 26, ODYD, Plan 19208, located at 2005 Lindahl Street, Kelowna, BC;

AND THAT variances to the following section of Zoning Bylaw No. 8000 be granted as identified within Schedule 'A':

## Section 13.6.6 (h): [RU6 – Two Dwelling Housing Development Regulations]

To vary the required minimum rear yard setback from 7.5 m permitted to 3.0 m proposed.

AND THAT the applicant be required to complete the above noted conditions of Council's approval of the Development Variance Permit application in order for the permit to be issued;

AND THAT this Development Variance Permit is valid for two (2) years from the date of Council approval, with no opportunity to extend.

## 2.0 Purpose

To consider a rear yard setback variance from 7.5 metres to 3.0 metres for the second dwelling on the subject property.

## 3.0 Community Planning

Council approved a rezoning to the subject property to the RU6 zone on August 28<sup>th</sup> 2018 which permits one additional single family dwelling on the subject property. The applicant wishes to retain the existing single family dwelling and construct a new single family dwelling at the rear of the property.

The subject parcel is an irregular shaped lot 1,416 m<sup>2</sup> in size, the width measures 30.0 m, depth 35.0 m. The second dwelling's access is proposed to be constructed with vehicle access from the existing driveway. Due to the irregular shape of the parcel, the proposed site plan for a second single family dwelling does show the need for a rear yard variance (from 7.5 metres required to 3.0 metres proposed).

The neighbour to the east (1402 - 1404 Inkar Rd) applied for and was approved for the same setback variance for a second dwelling in 2010. Staff are recommending support for this variance to be consistent with previous recommendations in this area.

## 4.0 Proposal

## 4.1 Project Description

A single family dwelling was constructed in the 1960's on the subject property. Due to the addition of a second dwelling, the owner may apply to stratify each dwelling. In order to stratify, the existing dwelling would need to substantially be brought up to current BC Building Code standards. The existing dwelling was constructed in the 1960's meaning substantial upgrades may be required. As such, if the owner wishes to stratify the two dwellings, the upgrades to the existing dwelling fronting Lindahl Street would improve the streetscape in the neighbourhood.

## 4.2 Site Context

The subject parcel is located on Lindahl Road, which is accessed off of Wilkinson Street in the Capri Landmark Urban Centre. Official Community Plan designations of S2RES and PARK exists in the immediate neighbourhood. The subject parcel is located walking distance to two different bus routes, one located on Sutherland Avenue (400 m), the second on Springfield Avenue (200 m).

Orientation	Zoning	Land Use
North	RU2	Single Family Dwelling
East	RU6	Two Dwelling Housing
South	RU2	Single Family Dwelling
West	RU1	Single Family Dwelling

Adjacent land uses are as follows:

Min Parking Requirements	2 per dwelling (4)	Adequate Space for 4		
Min Private Open Space	30 m2 per dwelling (60 m2)	Adequate space for 30 m2		
Min distance between Two Single Detached Dwellings	4.5 m	7.24 M		
• Variance to reduce the rear yard setback				

## 4.3 Zoning Analysis Table

## 5.0 Current Development Policies

## 5.1 Kelowna Official Community Plan (OCP)

## **Development Process**

**Future Land Use Single / Two Unit Residential (S2RES)** <sup>1</sup>Single detached homes for occupancy by one family, single detached homes with a secondary suite or carriage house, semi-detached buildings used for two dwelling units. The RU6 zone is the highest density form of residential permitted within the S2RES designation.

**Compact Urban Form**<sup>2</sup> Develop a compact urban form that maximizes the use of existing infrastructure and contributes to energy efficient settlement patterns. This will be done by increasing densities (approximately 75 - 100 people and/or jobs located within a 400 metre walking distance of transit stops is required to support the level of transit service) through development, conversion, and re-development within Urban Centres (see Map 5.3) in particular and existing areas as per the provisions of the Generalized Future Land Use Map 4.1.

The subject parcel is located near BC Transit bus stops, and commercial businesses as noted in this report.

Draft Development Variance Permit DVP18-0154

# Draft Development Variance Permit

This permit relates to land in the City of Kelowna municipally known as

2005 Lindahl Street

and legally known as

Lot 4, Section 19, Township 26, ODYD, Plan 19208

and permits the land to be used for the following development: Multi-Family Housing and Commercial

AND THAT variances to the following section of Zoning Bylaw No. 8000 be granted as described in Schedule 'A' and according to the following:

#### Section 13.6.6 (h): [RU6 – Two Dwelling Housing Development Regulations]

To vary the required minimum rear yard setback from 7.5 m permitted to 3.0 m proposed.

The present owner and any subsequent owner of the above described land must comply with any attached terms and conditions.

Date of Decision:

Decision By: CITY COUNCIL

Issued Date:

Development Permit Area: Comprehensive

Existing Zone: RU6 – Two Dwelling Housing Future Land Use Designation: S2RES – Single / Two Unit Residential

## This is NOT a Building Permit.

In addition to your Development Permit, a Building Permit may be required prior to any work commencing. For further information, contact the City of Kelowna, Development Services Branch.

### NOTICE

This permit does not relieve the owner or the owner's authorized agent from full compliance with the requirements of any federal, provincial or other municipal legislation, or the terms and conditions of any easement, covenant, building scheme or agreement affecting the building or land.

Owner: Nicholas and Cheryl Kirschner

Applicant: Urban Options Planning and Permits

Ryan Smith

Community Planning Department Manager Community Planning & Strategic Investments Date

#### 1. SCOPE OF APPROVAL

This Development Permit applies to and only to those lands within the Municipality as described above, and any and all buildings, structures and other development thereon.

This Development Permit is issued subject to compliance with all of the Bylaws of the Municipality applicable thereto, except as specifically varied or supplemented by this permit, noted in the Terms and Conditions below.

The issuance of a permit limits the permit holder to be in strict compliance with regulations of the Zoning Bylaw and all other Bylaws unless specific variances have been authorized by the Development Permit. No implied variances from bylaw provisions shall be granted by virtue of drawing notations that are inconsistent with bylaw provisions and that may not have been identified as required Variances by the applicant or Municipal staff.

#### 2. CONDITIONS OF APPROVAL

- a) The dimensions and siting of the building to be constructed on the land be in accordance with Schedule "A";
- b) The exterior design and finish of the building to be constructed on the land be in accordance with Schedule "A";
- c) Landscaping to be provided on the land be in accordance with Schedule "A"; and

This Development Variance Permit is valid for two (2) years from the date of Council approval, with no opportunity to extend.

#### 3. PERFORMANCE SECURITY

None.

#### 4. INDEMNIFICATION

Upon commencement of the works authorized by this Permit the Developer covenants and agrees to save harmless and effectually indemnify the Municipality against:

a) All actions and proceedings, costs, damages, expenses, claims, and demands whatsoever and by whomsoever brought, by reason of the Municipality said Permit.

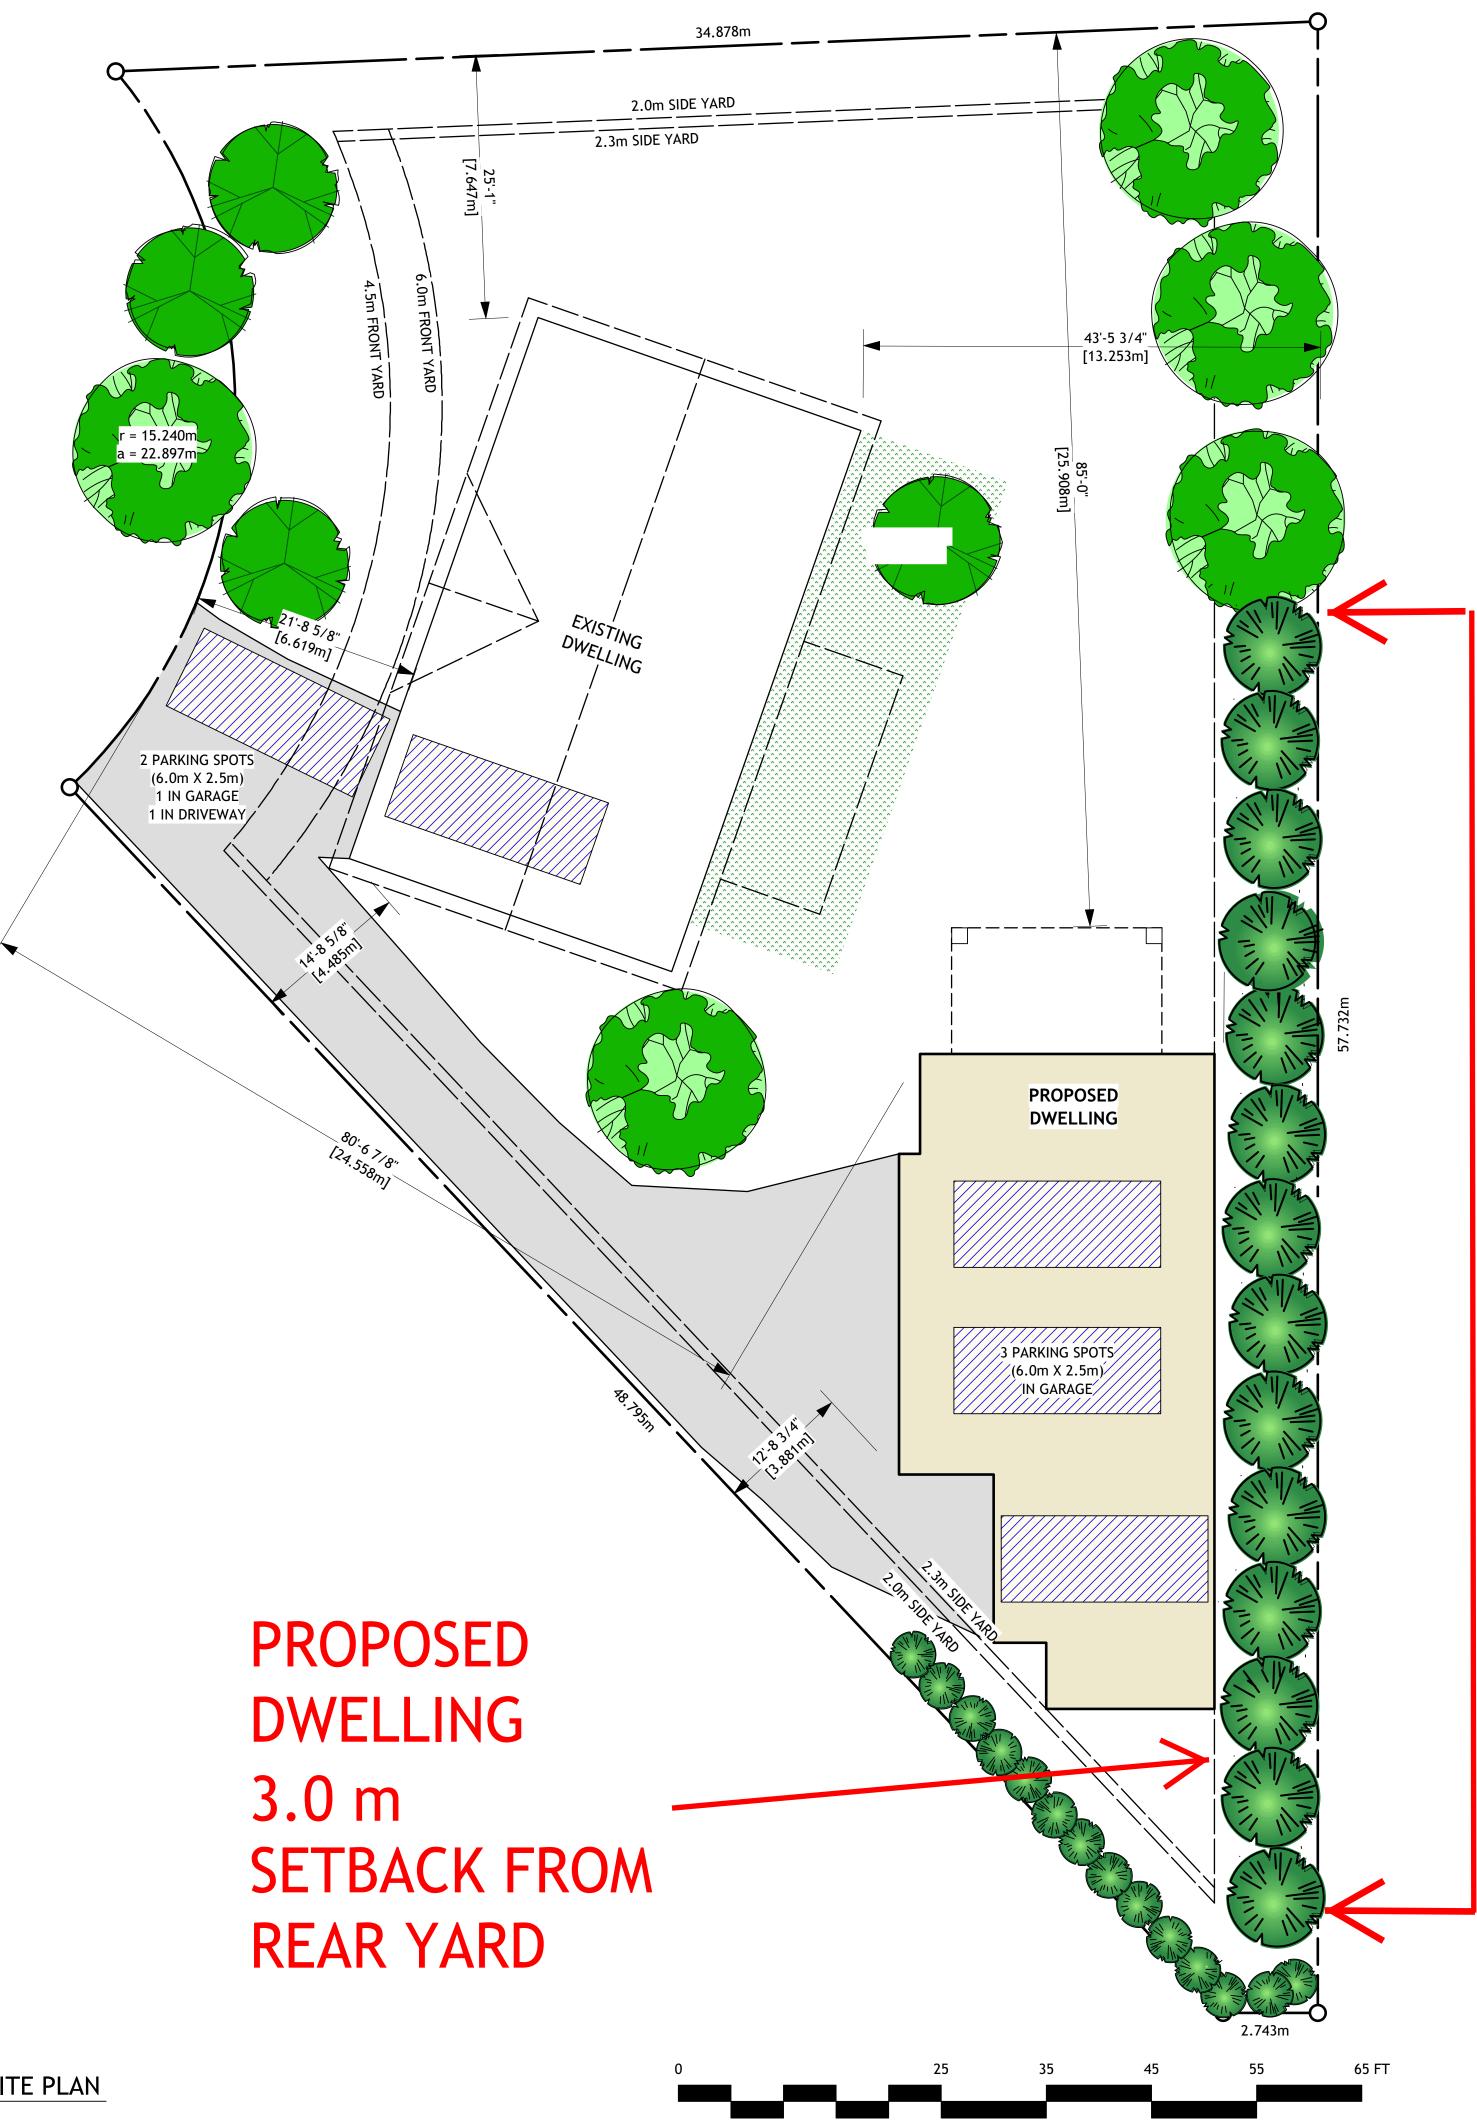

All costs, expenses, claims that may be incurred by the Municipality where the construction, engineering or other types of works as called for by the Permit results in damages to any property owned in whole or in part by the Municipality or which the Municipality by duty or custom is obliged, directly or indirectly in any way or to any degree, to construct, repair, or maintain.

The PERMIT HOLDER is the <u>CURRENT LAND OWNER</u>. Security shall <u>ONLY</u> be returned to the signatory of the Landscape Agreement or their designates. **PROJECT DATA:** CIVIC ADDRESS

Date:	June 4, 2019			Reiuwiid
RIM No.	0940-00			
То:	City Manager			
From:	Community Pla	anning Department (AJ)		
Application:	DVP19-0025		Owner:	Gary William Carpendale, Ruth Anne Carpendale, Riley Tyler Darke & Casey Taylor Darke
Address:	2331 Aberdeen Street		Applicant:	Gary Carpendale
Subject:	Development Variance Permit Application		tion	
Existing OCP De	signation:	SIH – Sensitive Infill Ho	ousing	
Existing Zone:		RU7 – Infill Housing		

#### 1.0 Recommendation

THAT Council authorizes the issuance of Development Variance Permit No. DVP19-0025 for Lot 1, District Lot 136, ODYD, Plan 9138, located at 2331 Aberdeen Street, Kelowna, BC;

AND THAT variances to the following section of the Zoning Bylaw No. 8000 be granted:

Section 6.5.3 (a): General Development Regulations - Accessory Buildings in Residential Zones

To vary the maximum site coverage for accessory buildings from  $90m^2$  permitted to  $97.2m^2$  proposed.

AND FURTHER THAT this Development Variance Permit is valid for two (2) years from the date of Council approval, with no opportunity to extend.

#### 2.0 Purpose

To vary the maximum site coverage for accessory buildings from 90m2 to 97.2m2 on the subject property.

#### 3.0 Community Planning

The applicant is seeking a variance to increase the size of the garage from 90.0m<sup>2</sup> permitted to 97.2m<sup>2</sup> proposed. The variance will allow for the accommodation of four full sized vehicle stalls separated by walls. The intention of the variance request is to provide increased garage functionality and security. The requested variance has minimal impact on the private open space of this development as each unit has a private rear yard area in the eastern portion of the property. Community Planning Staff are supportive of the variance request.

#### 4.0 Proposal

#### 4.1 Background

The subject property is zoned RU7 and is located on the corner of Aberdeen Street and Grenfell Avenue. A single family dwelling previously on the property has been demolished.

#### 4.2 Project Description

The applicant is seeking to densify the subject property with a four-unit infill development. To accommodate the four-unit housing project, driveway access from Aberdeen Street is proposed to be removed, and all parking is to be accessed from the rear laneway. Other than the variance being considered in this report, the proposal is compliant with Zoning Bylaw No. 8000 and meets other regulations for sensitive infill development.

#### 4.3 Variance

#### 4.4 Site Context

Adjacent land uses are as follows:

Orientation	Zoning	Land Use
North	RU6	Single Dwelling Housing
East	RU7	Four Dwelling Housing
South	RU7	Single Dwelling Housing
West	P3	Public Parks

#### Subject Property Map: 2331 Aberdeen Street

Zoning Analysis Table		
CRITERIA	<b>RU7 ZONE REQUIREMENTS</b>	PROPOSAL
	Development Regulations	
Floor Area Ratio	0.8	0.8
Height	8.om	7.65m
Front Yard	4.0m	4.0m
Side Yard (east)	2.0M	3.15M
Side Yard (west)	3.om	3.0m
Rear Yard	0.9m	2.2M
Other Regulations		
Minimum Parking Requirements	4 medium stalls	4 full sized stalls

#### 4.5 **Zoning Analysis Table**

#### 5.0 Current Development Policies

#### 5.1 Kelowna Official Community Plan (OCP)

#### **Development Process**

**Compact Urban Form.**<sup>1</sup> Develop a compact urban form that maximizes the use of existing infrastructure and contributes to energy efficient settlement patterns. This will be done by increasing densities (approximately 75 - 100 people and/or jobs located within a 400 metre walking distance of transit stops is required to support the level of transit service) through development, conversion, and re-development within Urban Centres (see Map 5.3) in particular and existing areas as per the provisions of the Generalized Future Land Use Map 4.1.

**Sensitive Infill.**<sup>2</sup> Encourage new development or redevelopment in existing residential areas to be sensitive to or reflect the character or the neighbourhood with respect to building design, height, and siting.

#### 6.o Technical Comments

#### 6.1 <u>Building & Permitting Department</u>

- The site servicing and offsite requirements have been identified in DP19-0024.
- The variance on the site coverage of the proposed accessory building does not conflict with any existing City infrastructure or easements.

#### 7.0 Application Chronology

# **REPORT TO COUNCIL**

Date:	June 4 <sup>th</sup> 2019			Kelo
RIM No.	0940-50			
То:	City Manager			
From:	Community P	lanning Department (AK	()	
Application:	DVP19-0080		Owner:	Michael Neid
Address:	3060 Pooley R	d	Applicant:	City of Kelowna
Subject:	Development	Variance Permit		
Existing OCP D	esignation:	REP – Resource Protec	ction Area	
Existing Zone:		A1 – Agriculture 1		

#### 1.0 Recommendation

THAT Council authorizes the issuance of Development Variance Permit No. DVP19-0080 for Lot 2 Section 15, Township 26 ODYD Plan 6585, located at 3060 Pooley Rd, Kelowna, BC;

AND THAT variances to the following section of Zoning Bylaw No. 8000 be granted:

#### Section 11.1.5(b): A1 – Agriculture 1 Subdivision Regulations

To reduce the minimum lot area from 4.0 ha required to 0.6 ha proposed.

AND FURTHER THAT this Development Variance Permit is valid for two (2) years from the date of Council approval, with no opportunity to extend.

#### 2.0 Purpose

To consider a Development Variance Permit application to vary Zoning Bylaw No. 8000 to reduce the minimum lot size from 4.0 ha to 0.6 ha to subdivide the subject lot for the purpose of creating a new lot for a water reservoir and pump station.

#### 3.0 Community Planning

Staff support the request for a Development Variance Permit as it is meant to create a new lot in order to facilitate a water reservoir and pump station facility. This proposal is part of the City's Integrated Water Supply Plan. City policies generally protect agricultural land and only support non-farm uses and subdivision on agricultural land where a benefit to agriculture can be demonstrated. The project as a whole benefits agricultural interests by separating agricultural and domestic water infrastructure in South East Kelowna.

The Agricultural Land Use Inventory identifies the portion of the property proposed to be subdivided for the reservoir as having limited potential for farming due to site limitations. Specifically, the site has steep slopes and part of the area was previously used for gravel extraction. The reservoir is not expected to negatively impact adjacent farm operations, including those on the subject property. The site will be used as a water reservoir and pump station in the long term and the proposed o.6 ha lot includes sufficient space for the reservoir, parking and access without impacting any land that is currently being farmed.

#### 4.0 Proposal

#### 4.1 Background

In 2018 Council supported a non-farm use and subdivision application (A17-0011) for the proposed water reservoir and pump house, the applications were sent to the Agricultural Land Commission (ALC) for consideration. The ALC also supported the non-farm use and subdivision applications. During the non-farm process it was noted that 'utility services, minor impact' is a permitted use in the A1 zone but that once the final design is determined, a Development Variance Permit may be required to address non-compliant development regulations.

#### 4.2 Project Description

The subject lot is a 4.4 ha agricultural parcel. The property is zoned A1 – Agriculture 1. The subdivision regulations of the Zoning Bylaw for the A1 zone require a minimum lot size of 4.0 ha. The proposed utility lot is 0.6 ha. A Development Variance Permit is required to be approved by Council prior to final subdivision approval. If approved the remaining agricultural lot will have an area of approximately 3.8 ha; a Development Variance Permit is not required for this portion of the subdivision as Section 1.8 of the Zoning Bylaw States: *Where a lot is reduced in size as a result of a taking for public use by the City…the lot and buildings and structures thereon are deemed to conform with the provisions of this Bylaw and the lot shall be considered to exist as it did prior to the taking.* 

#### 4.3 Site Context

The subject property is located at 3060 Pooley Rd and is within the Southeast Kelowna City Sector. The area is characterized primarily by other agricultural properties. The subject property is adjacent to Dall Rd and Pooley Rd. Adjacent parcels are zoned A1 and designated REP – Resource Protection Area.

#### Subject Property Map: 3060 Pooley Rd

#### 5.0 Current Development Policies

#### Kelowna Official Community Plan (OCP)

#### Chapter 4: Future Land Use

#### **Resource Protection Area<sup>1</sup>**

Generally, land areas within this designation (whether they are within the permanent growth boundary or not) will not be supported for exclusion from the ALR or for more intensive development than that allowed under current zoning regulations, except in specific circumstances where the City of Kelowna will allow exceptions to satisfy civic objectives for the provision of park/recreation uses.

#### Chapter 5: Development Process

#### Objective 5.33 Protect and enhance local agriculture<sup>2</sup>.

Policy .1 Protect Agricultural Land. Retain the agricultural land base by supporting the ALR and by protecting agricultural lands from development, except as otherwise noted in the City of Kelowna Agricultural Plan. Ensure that the primary use of agricultural land is agriculture, regardless of parcel size.

Policy .3 Urban Uses. Direct urban uses to lands within the urban portion of the Permanent Growth Boundary, in the interest of reducing development and speculative pressure on agricultural lands.

Policy .7 Subdivision. Maximize potential for the use of farmland by not allowing the subdivision of agricultural land into smaller parcels (with the exception of Homesite Severances approved by the ALC) except where significant positive benefits to agriculture can be demonstrated.

#### Chapter 7: Infrastructure

#### Objective 7.20 Ensure an adequate supply of high quality water.<sup>3</sup>

Policy .1 Water Availability for Agriculture. Work with stakeholders to ensure the continued delivery of sufficient quantities of water as per best practices for water conservation to ensure continued agricultural productivity.

# Schedule A – Proposed Subdivision Plan

This permit relates to land in the City of Kelowna municipally known as

3060 Pooley Road

and legally known as

Lot 2 Section 15, Township 26 ODYD Plan 6585

and permits the land to be used for the following development:

To vary Zoning Bylaw No. 8000 Section 11.1.5(b) to reduce the minimum lot area from 4.0 ha to 0.6 ha

The present owner and any subsequent owner of the above described land must comply with any attached terms and conditions.

Date of Council Decision June 4<sup>th</sup> 2018

Decision By: COUNCIL

Development Permit Area: N/A

This permit will not be valid if development has not commenced by June 4<sup>th</sup> 2021.

Existing Zone: A1

Future Land Use Designation: REP

### This is NOT a Building Permit.

In addition to your Development Permit, a Building Permit may be required prior to any work commencing. For further information, contact the City of Kelowna, Development Services Branch.

## NOTICE

This permit does not relieve the owner or the owner's authorized agent from full compliance with the requirements of any federal, provincial or other municipal legislation, or the terms and conditions of any easement, covenant, building scheme or agreement affecting the building or land.

Owner: Michael Neid

Applicant: City of Kelowna

Ryan Smith Divisional Director Community Planning & Development Date

#### 1. SCOPE OF APPROVAL

This Development Permit applies to and only to those lands within the Municipality as described above, and any and all buildings, structures and other development thereon.

This Development Permit is issued subject to compliance with all of the Bylaws of the Municipality applicable thereto, except as specifically varied or supplemented by this permit, noted in the Terms and Conditions below.

The issuance of a permit limits the permit holder to be in strict compliance with regulations of the Zoning Bylaw and all other Bylaws unless specific variances have been authorized by the Development Permit. No implied variances from bylaw provisions shall be granted by virtue of drawing notations that are inconsistent with bylaw provisions and that may not have been identified as required Variances by the applicant or Municipal staff.

#### 2. CONDITIONS OF APPROVAL

a) The dimensions of the proposed lot shall be in accordance with Schedule "A";

This Development Variance Permit is valid for two (2) years from the date of Council approval, with no opportunity to extend.

#### 3. INDEMNIFICATION

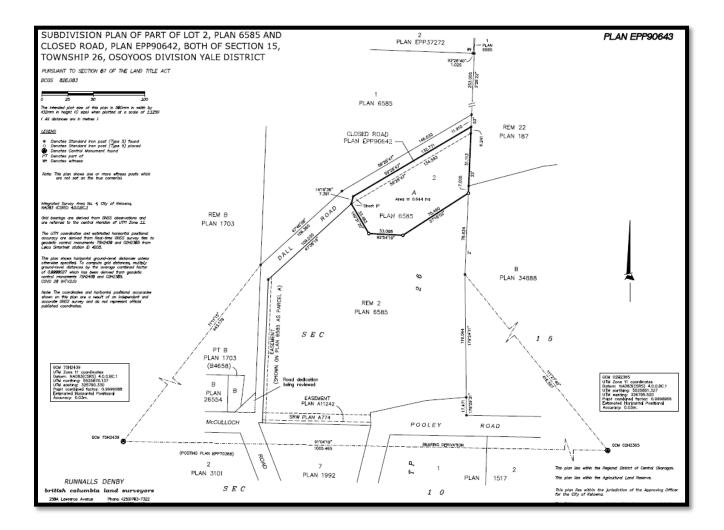

Upon commencement of the works authorized by this Permit the Developer covenants and agrees to save harmless and effectually indemnify the Municipality against:

a) All actions and proceedings, costs, damages, expenses, claims, and demands whatsoever and by whomsoever brought, by reason of the Municipality said Permit.

All costs, expenses, claims that may be incurred by the Municipality where the construction, engineering or other types of works as called for by the Permit results in damages to any property owned in whole or in part by the Municipality or which the Municipality by duty or custom is obliged, directly or indirectly in any way or to any degree, to construct, repair, or maintain.

The PERMIT HOLDER is the <u>CURRENT LAND OWNER</u>. Security shall <u>ONLY</u> be returned to the signatory of the Landscape Agreement or their designates.

# **REPORT TO COUNCIL**

Date:	May 7 <sup>th</sup> 2019			Kelowna
RIM No.	0940-50			
То:	City Manager			
From:	Community Pla	anning Department (AC)		
Application:	DVP19-0086		Owner:	Midwest Ventures Ltd., Inc. No. BCoo46021
Address:	5505-5507 Airport Way		Applicant:	Argus Properties – Darren Schlamp
Subject:	Development Variance Permit			
Existing Zone:	CD15 – Airport Business Park		s Park	
Existing OCP De	Designation: COMM - Commercial			

#### 1.0 Recommendation

THAT Council <u>NOT</u> authorize the issuance of Development Variance Permit DVP19-0086 for Lot A, Section 14, Township 23, ODYD, Plan EPP23036, located at 5505-5507 Airport Way, Kelowna, BC;

#### 2.0 Purpose

To consider a Staff recommendation to NOT issue a Development Variance Permit to vary the prohibition on off-site signs.

#### 3.0 Community Planning

The application is to have the commercial tenant located at 1708 Innovation Drive advertise on a pylon sign at a separate location at 5505-5507 Airport Way. The Sign Bylaw references this type of signage as 'third party' and prohibits such signage in order to establish a level regulatory playing field across the municipality; reduce wayfinding confusion, minimize the amount and proliferation of signage and overall establish a positive visual aesthetic within the City. The concern from the commercial tenant at 1708 Innovation Drive is the limited visibility from the highway and is why they did not want to only advertise on the subject property's pylon sign.

Staff do not support advertising on off-site locations. Staff are recommending the off-site sign regulations be enforced and protected especially along the highway corridor in order to not set any precedent for third-party advertising.

#### Sign Location Map

Subject Property Map: 5505-5507 Airport Way

#### 4.0 Current Development Policies

#### 4.1 Kelowna Official Community Plan (OCP)

#### Chapter 14 Urban Design Guidelines - Signs:

<sup>1</sup> Integrate signage that contributes to the overall quality and unique character of a development (e.g. coordinate proportion, materials, and colour);

<sup>2</sup> Do not compromise the scale and visual qualities of a building with the size and number of signs;

<sup>3</sup> Locate, size, and format signs such that they can be easily read by pedestrians.

<sup>4</sup> Where signage is proposed for buildings with historical character or heritage significance (i.e. Listed on the Heritage Register, with Heritage Designation and/or located in the Abbott Street and Marshall Street Heritage Conservation Areas) that signage should use design inspiration from historical influences (e.g. non-illuminated and non-animated.)

#### 5.0 Technical Comments

None

#### 6.0 Application Chronology

Attention: Ryan Smith, Department Manager, Community Planning

Dear Mr. Smith

#### RE: Development Variance Permit Application - 5505-5507 Airport Way

Please find attached an application for a Development Variance Permit (DVP) to vary the Sign Bylaw No. 11530 to allow the display of signs from a separate parcel.

The property located at 5505-5507 Airport Way has an existing freestanding (pylon) sign near the intersection of Airport Way and Highway 97, in the northeast corner of the property. Paragraph 2.3.2 of Sign Bylaw No. 11530 reads as follows:

No off-site signs are permitted except for directional signs and agricultural product signs, real estate signs, and project signs, in conformance with the provisions of this Bylaw.

This application requests a variance to paragraph 2.3.2 of the Sign Bylaw, to allow tenant signs from 1708 Innovation Drive to be displayed on the existing freestanding sign at 5505-5507 Airport Way.

Information on the Development Variance Permit application is provided below, including a project rationale.

#### 1. Development Variance Permit Application

In accordance with the Development Application Procedures Bylaw No. 10540, the following items are provided for the DVP application (numbering as per the bylaw):

a) Application Formb) State of Title Certificatec) Owner's Authorization formd) Site Profilee) Zoning Analysis Table

Page 1 of 3

DVP 5505-5507 Airport Way March 29, 2019

- f) Project Rationale (below)
- g) Photographs
- i) Site Plan
- k) Elevation Drawings (no change to existing sign)

#### 2. Neighbourhood Context

In order to ensure the industrial nature of the Airport Business Park, the area allowed for CD15 Commercial use was limited to the parcels on Airport Way.

In accordance with the City's expectations, commercial development in the area has been limited to tourist commercial in support of the Kelowna International Airport, and neighbourhood commercial which primarily serves Quail Ridge, industrial park employees, UBCO, and airport employees. The retail businesses located in the Airport Business Park do not draw customers from the inner city, as they either have alternative locations within the inner City areas, or numerous competitors within existing urban centres.

All other CD15 Commercial lands have frontage on Highway 97, with freestanding signs on Highway 97 and Airport Way. The Dairy Queen and Tim Hortons quick service restaurants with drive-thrus at 1730-1756 Airport Way are featured on both of the freestanding (pylon) signs on the property.

#### 3. Project Rationale

Argus Properties Ltd. and affiliated companies have owned the multiple parcels located between Airport Way and Fleet Court in Airport Business Park for over a decade. Over this time, Argus has continuously planned these parcels as a single site, and has managed the development and servicing of these lands in this manner.

The existing freestanding (pylon) sign at 5505-5507 Airport Way is located at the intersection of Airport Way and Highway 97, as shown in the attached site plan and elevation drawing. An elevation drawing is also attached for a proposed sign at 1708 Innovation Drive, with a consistent design to match the sign at 5505-5507 Airport Way. In addition to the signs, other shared design details between 5505-5507 Airport Way and 1708 include the building colour palettes and other finishes.

The original uses contemplated for the CD15 commercial zone included uses such as a gas bar, drive-thru restaurants, and retail. The limited visibility from the highway has been consistently raised by various nationally branded retail tenants, who have highlighted the competitive disadvantage that they would face at 1708 Innovation Drive compared to other commercially zoned lands in the area. It is worth noting that 1708 Innovation Drive has remained unleased and undeveloped until 2019, even though commercial zoning was in place since ~2007. In comparison, the commercial lands with highway frontage on the north side of Airport Way were developed and leased immediately after rezoning took place in 2015. Visibility continues to be a major factor in business decisions for the type of retail tenants who operate in car dependent areas such as Airport Business Park.

In order to overcome these tenant concerns, Argus proposes that tenant signage from 1708 Innovation Drive be permitted on the existing pylon sign at 5505-5507 Airport Way.

#### DVP 5505-5507 Airport Way March 29, 2019

10 0

This variance will not increase the number of signs or sign area on either property beyond that allowed under sign bylaws in place at the time of sign permit application. Instead, any freestanding sign area which is reallocated to tenants of 1708 Innovation Drive will be unavailable to existing or future tenants of 5505-5507 Airport Way. As such, there is no net negative visual impact upon the neighbourhood's presence as a gateway to the city, which we understand is a concern of City staff.

Due to the consistent design approach and visual identity of the signs and buildings across the two parcels, we do not foresee this variance leading to any significant confusion for customers. The smaller sign on 1708 Innovation Drive will be become visible as potential customers head west on Airport Way, and will direct them to the correct property which contains the business they seek.

#### 4. Conclusion

We trust that the above information clearly outlines the intent Thank you for your consideration in reviewing the attached application. Should you have any questions or require additional information, please do not hesitate to contact the undersigned.

Yours truly,

ARGUS PROPERTIES LTD.

#### 1. SCOPE OF APPROVAL

This Development Permit applies to and only to those lands within the Municipality as described above, and any and all buildings, structures and other development thereon.

This Development Permit is issued subject to compliance with all of the Bylaws of the Municipality applicable thereto, except as specifically varied or supplemented by this permit, noted in the Terms and Conditions below.

The issuance of a permit limits the permit holder to be in strict compliance with regulations of the Zoning Bylaw and all other Bylaws unless specific variances have been authorized by the Development Permit. No implied variances from bylaw provisions shall be granted by virtue of drawing notations that are inconsistent with bylaw provisions and that may not have been identified as required Variances by the applicant or Municipal staff.

#### 2. CONDITIONS OF APPROVAL

- a) The dimensions and siting of the building to be constructed on the land be in accordance with Schedule "A";
- b) The exterior design and finish of the building to be constructed on the land be in accordance with Schedule "A";
- c) Landscaping to be provided on the land be in accordance with Schedule "A"; and

This Development Variance Permit is valid for two (2) years from the date of Council approval, with no opportunity to extend.

#### 3. PERFORMANCE SECURITY

None.

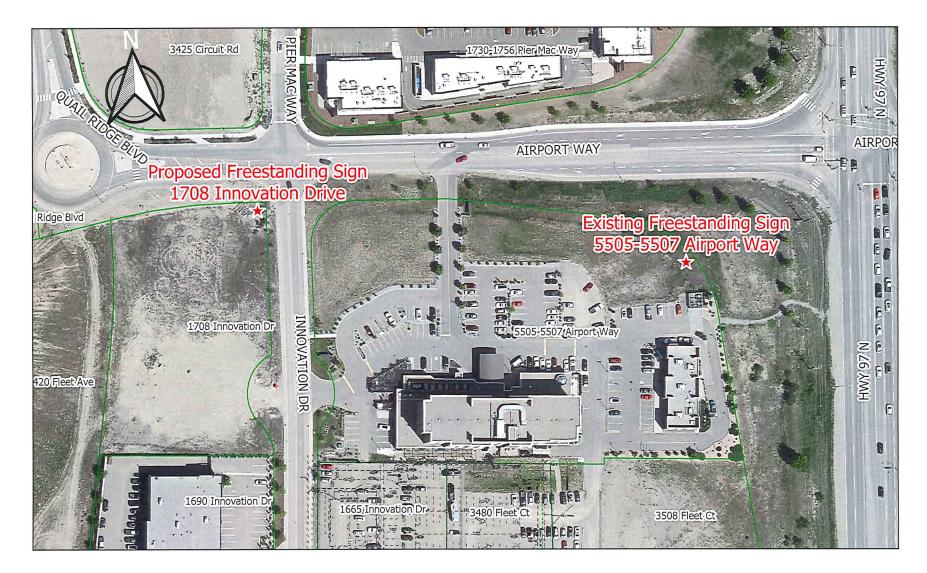

#### 4. INDEMNIFICATION

Upon commencement of the works authorized by this Permit the Developer covenants and agrees to save harmless and effectually indemnify the Municipality against:

a) All actions and proceedings, costs, damages, expenses, claims, and demands whatsoever and by whomsoever brought, by reason of the Municipality said Permit.

All costs, expenses, claims that may be incurred by the Municipality where the construction, engineering or other types of works as called for by the Permit results in damages to any property owned in whole or in part by the Municipality or which the Municipality by duty or custom is obliged, directly or indirectly in any way or to any degree, to construct, repair, or maintain.

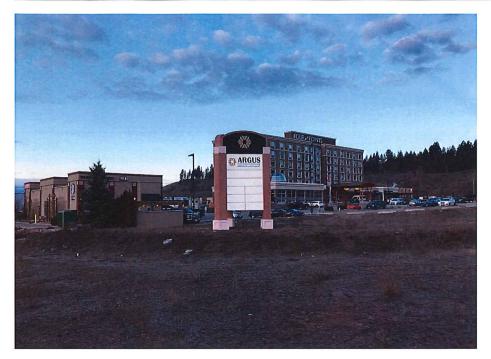

The PERMIT HOLDER is the <u>CURRENT LAND OWNER</u>. Security shall <u>ONLY</u> be returned to the signatory of the Landscape Agreement or their designates.
