City of Kelowna
Regular Council Meeting
AGENDA

Tuesday, October 8, 2019
6:00 pm
Council Chamber
City Hall, 1435 Water Street

1. Call to Order

2. Reaffirmation of Oath of Office
   The Oath of Office will be read by Councillor Wooldridge.

3. Confirmation of Minutes
   Regular Meeting - September 10, 2019
   Public Hearing, Regular Meeting - September 17, 2019

4. Bylaws Considered at Public Hearing

   4.1 Barnaby Rd 779, BL11925 (Z19-0094) - Jordan Alexander Menzies
       To give second and third reading to Bylaw No.11925 to rezone the subject property from the RR2 – Rural Residential 2 zone to the RU6 – Two Dwelling Housing zone.

   4.2 Ethel St 2483, BL11927 (Z19-0066) - Uri Yarkoni
       To give second and third reading to Bylaw No. 11927 to rezone the subject property from the RU1 - Large Lot Housing zone to the RU6 - Two Dwelling Housing zone.

   4.3 Gordon Dr 4309, BL11930 (Z19-0099) - Helga Schouten
       To give second and third reading and adopt Bylaw No. 11930 to rezone the subject property from the RU1 - Large Lot Housing zone to the RU1C - Large Lot Housing with Carriage House zone.

   4.4 Fisher Road 1929, BL11931 (Z19-0101) - B.H.K.T. Holdings Ltd., Inc.No. BC0751350 and Sukhdev Gill
       To give second and third reading to Bylaw No. 11931 to rezone the subject property from the A1 - Agriculture zone to the RU1 - Large Lot Housing zone.
4.5 Hwy 97N 2800 - (BL11933) OCP18-0012 - 0802333 B.C. Ltd

To give second and third reading to Bylaw No. 11933 to change the future land use designation from the REP - Resource Protection Area designation to the SC - Service Commercial designation.

4.6 Hwy 97N 2800 - BL11934 (Z18-00057) - 0802333 B.C. Ltd

To give second and third reading to Bylaw No. 11934 in order to rezone portions of the subject property from the A1 - Agriculture zone and the I2 - General Industrial zone to the C10 - Service Commercial zone.

5. Development Permit and Development Variance Permit Reports

Mayor to invite anyone in the public gallery who deems themselves affected by the required variance(s) to come forward for each item.

5.1 Walker Rd 4480, BL11829 (Z18-0047) - Thomas Brown

To adopt Bylaw No. 11829 in order to rezone a portion of the subject property from the RU1 - Large Lot Housing zone to the RU2 - Medium Lot Housing zone.

5.2 Walker Rd 4480, DVP18-0093 - Thomas Brown

To consider a Development Variance Permit to vary the lot depth of a parcel from 30.0 m required to 25.7 m proposed in order to facilitate a two-lot subdivision.

5.3 Perry Rd 575 - DVP18-0208 - Ricky Jeannotte

To consider a Development Variance Permit to vary the setback of a front yard lot line to a garage or carport having vehicular entry from the front from 6.0 metres to 4.0 metres.

5.4 Clifton Rd N 107, DVP18-0247 - Martin and Deanna Soleski

To consider a Development Variance Permit to vary the side yard setback from 1.5 m to 1.3 m and the front yard setback from 9.0 m to 4.43 m for an existing above ground pool, deck, and pumphouse.

5.5 Crighton Rd 4780, DVP19-0145 - Nadine & Chad Bannister

To consider a Development Variance Permit to vary the minimum side yard setback to allow the construction of a new single-family dwelling (SFD) on the subject property.

5.6 Chapin Rd 274, DVP19-0154 - Douglas Mills

To consider a Development Variance Permit to vary the maximum height of a retaining wall and the maximum height of an accessory building on the subject property.
6. Reminders

7. Termination
A bylaw to amend the "City of Kelowna Zoning Bylaw No. 8000".

The Municipal Council of the City of Kelowna, in open meeting assembled, enacts as follows:

1. THAT City of Kelowna Zoning Bylaw No. 8000 be amended by changing the zoning classification of Lot A District Lot 357 Similkameen Division District Plan 25419, located on Barnaby Road, Kelowna, BC from the RR2 – Rural Residential 2 zone to the RU6 – Two Dwelling Housing zone.

2. This bylaw shall come into full force and effect and is binding on all persons as and from the date of adoption.

Read a first time by the Municipal Council this 9th day of September, 2019.

Adopted by the Municipal Council of the City of Kelowna this
Subject Properties Notes:
Rezone a portion of the subject property from RU1 - Large Lot Housing to RU2 - Medium Lot Housing
REPORT TO COUNCIL

Date: October 8, 2019
To: Council
From: City Manager
Department: Development Planning – Suburban, Rural
Application: DVP18-0093
Owner: Thomas (Michael) Brown
Address: 4480 Walker Road
Applicant: Mike Brown
Subject: Development Variance Permit

1.0 Recommendation
THAT final adoption of Rezoning Bylaw No. 11829 be considered by Council;
AND THAT Council authorizes the issuance of Development Variance Permit No. DVP18-0047 for Lot 1 District Lot 167 ODYD Plan 16858, located at 4480 Walker Road, Kelowna, BC;
AND THAT variances to the following section of Zoning Bylaw No. 8000 be granted:
   Section 13.2.5(b): RU2 – Medium Lot Housing Development Regulations
   To vary the required minimum lot depth from 30.0 m required to 25.7 m proposed.
AND FURTHER THAT this Development Variance Permit is valid for two (2) years from the date of Council approval, with no opportunity to extend.

2.0 Purpose
To vary the lot depth of a parcel from 30.0 m required to 25.7 m proposed in order to facilitate a two-lot subdivision.

3.0 Development Planning
Development Planning Staff support the proposed variance to the parcel depth to facilitate a two-lot subdivision. The reduced lot depth will not negatively affect the development viability of the parcel as a second dwelling can be developed on the site without requiring variances. The increase in housing density is well supported by OCP Urban Infill Policies and the form, character and massing of the new housing should be complementary to the neighbourhood. The site has a Walk Score of 18 – Car Dependent (Almost all errands require a car), a Transit Score of 22 – a few nearby public transportation options in the area and a Bike Score of 37 – Somewhat Bikeable. The parcel is within 650 m of an elementary school and 1.1 km of neighbourhood commercial along Lakeshore Road.

All Development Engineering requirements will be addressed with the subdivision application (S18-0038.)
4.0 Proposal

4.1 Background

The request for rezoning a portion of the parcel came before Council and received 3rd reading following the Public Hearing on May 21, 2019. A portion of the parcel would be rezoned from the RU1 – Large Lot Housing zone to the RU2 – Medium Lot Housing zone. Should Council support the parcel depth variance request, the applicant will proceed with completing the Subdivision requirements.

4.2 Project Description

The request to vary the parcel depth from 30 m required to 25.7 m proposed would allow for a two-lot subdivision of the subject parcel. Although the parcel depth would be reduced by 4.3 m, the parcel will have an increased frontage from 13.0 m require to 17.6 m proposed. The subdivision regulations require a minimum parcel area of 400 m² and the proposal is in excess of this by over 50 m². The parcel will have a total area of 451.4 m².

Development Planning Staff support the variance request as the overall area and width more than make up for the reduced parcel depth. Along with this, the applicant does have the support of multiple neighbours in the area. The subdivision would pose minimal impacts on the adjacent parcel, while modestly increasing the density.

No development permit is required for the project. After the subdivision is completed, the development would proceed to building permit application as Zoning Bylaw development regulation compliance would again be reviewed at that stage.

4.3 Site Context

The subject parcel is located in a neighbourhood of RU1 zoned, Single/Two Unit Residential designation. 4480 Walker Road is located in the North Mission-Crawford sector of Kelowna. The parcel is 1,415 m² in size and fronts Walker Road with Lakeland Road as a flanking street.

Specifically, adjacent land uses are as follows:

5.0 Current Development Policies

5.1 Kelowna Official Community Plan (OCP)

Objective 5.3 Focus development to designated growth areas
Policy 5.1 Permanent Growth Boundary. Establish a Permanent Growth Boundary as identified on Map 4.1 and Map 5.2. The City of Kelowna will support development of properties outside the PGB for more intensive use only to the extent permitted as per the OCP Future Land Use designations in place as of initial adoption of OCP Bylaw 10500, except for Agri-Business designated sites or as per Council’s specific amendment of this policy. The PGB may be reviewed as part of the next major OCP update.

Objective 5.22 Ensure context sensitive housing development
Policy 5.6 Sensitive Infill. Encourage new development or redevelopment in existing residential areas to be sensitive to or reflect the character of the neighbourhood with respect to building design, height and siting.

Date
1. SCOPE OF APPROVAL

This Development Permit applies to and only to those lands within the Municipality as described above, and any and all buildings, structures and other development thereon.

This Development Permit is issued subject to compliance with all of the Bylaws of the Municipality applicable thereto, except as specifically varied or supplemented by this permit, noted in the Terms and Conditions below.

The issuance of a permit limits the permit holder to be in strict compliance with regulations of the Zoning Bylaw and all other Bylaws unless specific variances have been authorized by the Development Permit. No implied variances from bylaw provisions shall be granted by virtue of drawing notations that are inconsistent with bylaw provisions and that may not have been identified as required Variances by the applicant or Municipal staff.

2. CONDITIONS OF APPROVAL

THAT variances to the following section of Zoning Bylaw No. 8000 be granted:

Section 13.2.5(b): RU2 – Medium Lot Housing Development Regulations
To vary the required minimum lot depth from 30.0 m required to 25.7 m proposed.

This Development Permit is valid for two (2) years from the date of approval, with no opportunity to extend.

3. PERFORMANCE SECURITY

N/A

4. INDEMNIFICATION

Upon commencement of the works authorized by this Permit the Developer covenants and agrees to save harmless and effectually indemnify the Municipality against:

a) All actions and proceedings, costs, damages, expenses, claims, and demands whatsoever and by whomsoever brought, by reason of the Municipality said Permit.

All costs, expenses, claims that may be incurred by the Municipality where the construction, engineering or other types of works as called for by the Permit results in damages to any property owned in whole or in part by the Municipality or which the Municipality by duty or custom is obliged, directly or indirectly in any way or to any degree, to construct, repair, or maintain.

The PERMIT HOLDER is the CURRENT LAND OWNER.
Security shall ONLY be returned to the signatory of the Landscape Agreement or their designates.

REPORT TO COUNCIL

Date: October 8, 2019
RIM No. 0940-00
To: Council
From: City Manager
Application: DVP18-0208
Owner: Ricky Jeannotte
Address: 575 Perry Road
Applicant: Ricky Jeannotte
Subject: Development Variance Permit

1.0 Recommendation
THAT Council authorizes the issuance of Development Variance Permit No. DVP18-0208 for Lot 14, Section 23, Township 26, ODYD, District Plan 16353, located at 575 Perry Rd, Kelowna, BC;
AND THAT a variance to the following section of Zoning Bylaw No. 8000 be granted:

Section 13.1.6 (c): RU1 – Large Lot Housing Development Regulations
To vary the required minimum setback of a front yard lot line to a garage or carport having vehicular entry from the front from 6.0 metres to 4.0 metres;

AND FURTHER THAT this Development Variance Permit is valid for two (2) years from the date of Council approval, with no opportunity to extend.

2.0 Purpose
To consider a Development Variance Permit to vary the setback of a front yard lot line to a garage or carport having vehicular entry from the front from 6.0 metres to 4.0 metres.

3.0 Development Planning
Staff are recommending support for the proposed variance to allow for a garage addition to an existing single family dwelling. The proposal meets general infill policies and the variance is not anticipated to have any significant negative impact on the surrounding neighborhood.

4.0 Proposal

4.1 Project Description
The applicant is proposing to construct a garage addition to an existing single family dwelling as well as change the driveway access point from Perry Road to Lacey Road. Currently, the existing dwelling has a single bay garage and driveway which is accessed form Perry Road. The driveway access is restricted by a
fire hydrant which is located directly adjacent to the driveway. The location of the fire hydrant makes for an awkward and a potentially hazardous obstruction to vehicle entry and exit. The proposed garage would be accessed from Lacey Road to avoid the hydrant and provide a more suitable driveway access point. The proposed addition is a two bay garage and is approximately 1,000 ft² in size. It would be slightly higher than the existing house and designed to be similar in form and character. The proposal meets the parking requirements of the Zoning Bylaw by providing two stalls located in the garage with the driveway area would only being appropriate for Compact Vehicle or Motorcycle Parking as defined by the Zoning Bylaw.

Currently the boulevard on Lacey road is quite large (approximately 6.0 m from property line to paved surface) and the proposal is not anticipated to impact site lines at the intersection of Perry Road and Lacey Road. Lacey Road is at a 20.0 metre width with no further dedication required.

4.2 Site Context

The subject property is located in the Rutland area east of Hollywood Road, on the corner of Perry Road and Lacey Road. The area is primarily RU1 zoned properties. Specifically, adjacent land uses are as follows:

<table>
<thead>
<tr>
<th>Orientation</th>
<th>Zoning</th>
<th>Land Use</th>
</tr>
</thead>
<tbody>
<tr>
<td>North</td>
<td>Ru1 – Large Lot Housing</td>
<td>Residential</td>

</tr>
<tr>
<td>West</td>
<td>Ru1 – Large Lot Housing</td>
<td>Residential</td>
</tr>
</tbody>
</table>

**Subject Property Map: 575 Perry Road**
5.0 Current Development Policies

5.1 Kelowna Official Community Plan (OCP)

Chapter 5: Development Process

Objective 5.3 Compact Urban Form

Policy 5.2 Develop a compact urban form that maximizes the use of existing infrastructure and contributes to energy efficient settlement patterns. This will be done by increasing densities (approximately 75-100 people and/or jobs located with a 400 metre walking distance of transit stops is required to support the level of transit service) through development, conversion, and re-development within Urban Centres (see Map 5.3) in particular and existing areas as per the provisions of the Generalized Future Land Use Map 4.1.

Chapter 5: Development Process

Objective 5.22 Ensure context sensitive housing development

Policy 5.6 Sensitive Infill Encourage new development or redevelopment in existing residential areas to be sensitive to or reflect the character of the neighbourhood with respect to building design, height and siting.

Development Planning

This forms part of application
# DV18-0208

IHS Design

DATE:
2014-01-02

SCALE:

SHEET:
1.0  Recommendation

THAT Council authorizes the issuance of Development Variance Permit No. DVP18-0247 for Lot 38 Section 6 Township 23 ODYD Plan 25017, located at 107 Clifton Rd N, Kelowna, BC;

AND THAT variances to the following sections of Zoning Bylaw No. 8000 be granted:

   **Section 6.5.3 (d): Accessory Development**
   To vary the required front yard setback from 9.0 m to 4.43 m;

   **Section 6.5.3 (e): Accessory Development**
   To vary the required minimum side yard from 1.5 m to 1.33 m;

AND FURTHER THAT this Development Variance Permit is valid for two (2) years from the date of Council approval, with no opportunity to extend.

2.0  Purpose

To consider a Development Variance Permit to vary the side yard setback from 1.5 m to 1.33 m and the front yard setback from 9.0 m to 4.43 m for an existing above ground pool, deck, and pumphouse.

3.0  Development Planning

Development Planning Staff are supportive of the requested Development Variance Permit to vary the side yard setback from 1.5 m to 1.33 m and the front yard setback from 9.0 m to 4.43 m for an existing above ground pool, deck, and pumphouse as it will bring a non-conforming structure into conformity. The impact on the neighbourhood is deemed to be minimal, and the applicants are proposing to insulate the pool pumphouse to mitigate any noise impacts for the adjacent neighbour.
The owners have investigated other options to come into compliance avoid the need for a variance, however, due to topography and construction constraints the only other option would be to remove the pool and related structures in their entirety.

4.0 Proposal

4.1 Background

The above ground pool and surrounding structure was constructed between 2006 and 2009 by the previous owners. A bylaw complaint regarding noise from the pool pumphouse was received in 2009, and it was discovered at that time that the pool and related structures had been erected without required permits. Due to a clerical error, the complaint was not resolved at that time.

In 2015, the new property owners were made aware that the pool structure did not have required permits. As such, they have worked with Staff over the past few years to determine the best course of action to bring the pool into conformity. Under direction from Staff, the owners have made an application for two setback variances to legalize the siting of the pool and surrounding structure.

4.2 Project Description

The requested Development Variance Permit is to vary the side yard setback from 1.5 m to 1.33 m and the front yard setback from 9.0 m to 4.43 m for an existing above ground pool, deck, and pumphouse. The pool and deck are considered accessory structures while the pumphouse is an accessory building. There is an easement on the subject property in favour of the adjacent neighbour for driveway access that will not be impacted by the requested variances.

4.3 Site Context

The subject property is located in the Clifton City Sector, north of Magic Estates. The area is characterized by large single family residential lots and steep hillsides.

Attachments:
Attachment “A”: Applicant’s Letter of Rationale
Attachment “B”: Draft Development Variance Permit DVP18-0247
1. We bought our House at 107 Clifton Road North in March of 2015. The above ground pool and deck were already installed. (They were installed between 2006-2009, according to city’s aerial photographs).

2. We received a registered letter in the spring of 2016 from By Law Officer (Dan Maja) stating that there had been a complaint at our place. He came over to check it out and found out that there was no permits on pool and deck.

3. We went to the City of Kelowna Office and met with Paul McVey (city Planner) to figure out how to fix the problem. Paul requested that we get a survey of our property.

4. There was no survey ever done on our property so we hired a company to complete the survey.

5. We met with Paul again once the survey was complete. We went over the survey and were told that we were not within the easement in two places and that we would need to apply for two variances.

6. We stopped at the application desk at the city office and got the appropriate paper work. After reviewing the application we called an independent consultant to gain some insight on getting the application filled out correctly.

7. We also contacted our Insurance company in the spring of 2018 to assist us with this process. We were told by our insurance company not to go any further with the city until they had time to further investigate the matter. Patte Turner from the city was included in all e-mails.

8. Our insurance company sent several contractors to our place to look at where and if the pool could be moved. They confirmed that there is no other place to move the pool as our house backs onto the mountain.

9. In September of 2018 our Insurance Company advised us that they could no longer assist us with the application process with the city. We called and set up a meeting with Andrew Fergusson. He was not available to meet with us so we met with Trisa Atwood.

10. Trisa reviewed our file and we discussed what our options were. She went back to her team and had another discussion and notified us that indeed we did need to apply for the 2 variance permits.

11. We met again with Trisa on Nov. 9th to go over what bylaw we fell under and exactly what the process would involve in applying for the two variance permits.

12. We have completed the application and paid for the two variance permits. We are submitting the application for your approval.
Development Variance Permit
DVP18-0247

This permit relates to land in the City of Kelowna municipally known as
107 Clifton Rd N
and legally known as
LOT 38 SECTION 6 TOWNSHIP 23 ODYD PLAN 25017
and permits the land to be used for the following development:

Accessory Structure
The present owner and any subsequent owner of the above described land must comply with any attached terms and conditions.

Date of Council Decision: October 8, 2019
Decision By: COUNCIL

This is NOT a Building Permit.

In addition to your Development Permit, a Building Permit may be required prior to any work commencing. For further information, contact the City of Kelowna, Development Services Branch.

NOTICE
This permit does not relieve the owner or the owner’s authorized agent from full compliance with the requirements of any federal, provincial or other municipal legislation, or the terms and conditions of any easement, covenant, building scheme or agreement affecting the building or land.

Owner: Martin and Deanna Soleski
Applicant: Martin and Deanna Soleski

Urban Planning & Development Policy Manager
Development Planning
1. **SCOPE OF APPROVAL**

This Development Permit applies to and only to those lands within the Municipality as described above, and any and all buildings, structures and other development thereon.

This Development Permit is issued subject to compliance with all of the Bylaws of the Municipality applicable thereto, except as specifically varied or supplemented by this permit, noted in the Terms and Conditions below.

The issuance of a permit limits the permit holder to be in strict compliance with regulations of the Zoning Bylaw and all other Bylaws unless specific variances have been authorized by the Development Permit. No implied variances from bylaw provisions shall be granted by virtue of drawing notations that are inconsistent with bylaw provisions and that may not have been identified as required Variances by the applicant or Municipal staff.

2. **CONDITIONS OF APPROVAL**

   a) The dimensions and siting of the building to be constructed on the land be in accordance with Schedule “A”;
   
   b) AND THAT variances to the following sections of Zoning Bylaw No. 8000 be granted:

   **Section 6.5.3 (d): Accessory Development**
   To vary the required front yard setback from 9.0m to 4.43m;

   **Section 6.5.3 (e): Accessory Development**
   To vary the required minimum side yard from 1.5m to 1.33m;

   This Development Variance Permit is valid for two (2) years from the date of approval, with no opportunity to extend.

3. **INDEMNIFICATION**

   Upon commencement of the works authorized by this Permit the Developer covenants and agrees to save harmless and effectually indemnify the Municipality against:

   a) All actions and proceedings, costs, damages, expenses, claims, and demands whatsoever and by whomsoever brought, by reason of the Municipality said Permit.

   All costs, expenses, claims that may be incurred by the Municipality where the construction, engineering or other types of works as called for by the Permit results in damages to any property owned in whole or in part by the Municipality or which the Municipality by duty or custom is obliged, directly or indirectly in any way or to any degree, to construct, repair, or maintain.

   The PERMIT HOLDER is the CURRENT LAND OWNER.
   Security shall ONLY be returned to the signatory of the Landscape Agreement or their designates.

1.0 Recommendation

THAT Council authorizes the issuance of Development Variance Permit No. DVP19-0145 for Lot 1 Section 25 Township 28 ODYD Plan 8026, located at 4780 Crighton Rd, Kelowna, BC;

AND THAT variances to the following sections of Zoning Bylaw No. 8000 be granted:

Section 11.1.6 – Development Regulations
a) To vary the minimum side yard setback from 3.0 m required to 2.3m proposed on both side yards in accordance with Schedule “A”.

AND FURTHER THAT this Development Variance Permit is valid for two (2) years from the date of Council approval, with no opportunity to extend.

2.0 Purpose

To vary the minimum side yard setback to allow the construction of a new single-family dwelling (SFD) on the subject property.

3.0 Development Planning

Staff support the requested variance to reduce the side yard setback from 3.0m to 2.3m on the north and south side of the property. The variance will allow the construction of a new home complete with an attached garage and maintaining onsite parking, while limiting the impacts on steep slopes. The property slopes down from the road to the lake, with grades in excess of 30% thru the middle of the property.

The current zoning A1 according to the bylaw requires setbacks based on the lot size. For lots less than 0.2 ha, which existed prior to August 10, 1976, shall be developed in accordance with the provisions and regulations of the RU1. The lot size in this case is 0.25 ha which just exceeds the provision.

The property is adjacent to the ALR and regulation requires a landscape buffer to reduce the impacts of normal farm practices.
The applicant has completed the neighborhood consultation in accordance with Council Policy No. 367 and staff have not fielded any questions or concerns.

4.0 Proposal

4.1 Project Description

The applicant’s proposal is to build a new home with attached garage on the lot while maintaining the onsite parking and respecting the 15.0m Riparian Management Area (RMA) from the lake. In addition, the applicant is restoring the Riparian Management Area (RMA) from the lake and installing a landscape buffer along the frontage of the property.

As this site is within the Natural Environment Development Permit Area, the proponent will be required to obtain a Natural Environment Development Permit including a geotechnical assessment prior to commencing construction on this parcel.

4.2 Site Context

The subject property is located on the west side of Crighton Road in the Southwest Mission sector of Kelowna. The subject property is zoned A1 with a Future Land Use designation of S2RES.

Specifically, adjacent land uses are as follows:

*Indicates a requested variance to the side yard setback to a dwelling*

5.0 **Current Development Policies**

5.1 **Kelowna Official Community Plan (OCP)**

**Development Process**

*Ensure environmentally sustainable development.*

- Steep Slopes. Prohibit development on steep slopes (+30% or greater for a minimum distance of 10 metres) except where provided for in ASPs adopted or subdivisions approved prior to adoption of OCP Bylaw 10500.

- Kelowna 2030 OCP (Bylaw 10500) was adopted by City Council on May 30, 2011. The subject property was created in 2006, allowing a parcel with slopes over 30% to be created. City staff would like to see this lot developed in a manner that reduces the impact of grades around adjacent property lines. The proposed grading plan and site plan isolate changes in the existing grade to the south east portion of the property.

**Hillside Objectives.**

- Promote the siting of buildings and designs that are compatible with the steep slope context; Ensure compatibility with existing neighbourhood or streetscape;
  - The single storey design along stellar Drive is compatible with single family homes along the north side of Stellar Drive.

**Context Considerations.**

- Design and locate buildings so the hillside landscape rather than the sky serves as a backdrop;

To: Community Planning (SS)
From: Development Engineer Manager (JK)
Subject: 4780 Crighton Rd

The Development Engineering comments and requirements regarding this Development Variance Application are as follows:

This development variance permit to vary the side yard setback from 3.0 m to 2.3 m to allow the construction of a new single family dwelling (SFD) does not compromise any municipal services.

Building permit requirements

At time of building permit application, the following requirements must be met:

1. Driveway width to be no wider than 6.0 m as per section 4.6 of Schedule 4 of the Subdivision, Development & Servicing Bylaw #7900.

2. This subject parcel is not currently within the City’s sanitary sewer service area. Sanitary sewage is presently handled by an on-site sewage disposal system. The applicant’s consulting engineer will determine the requirements of the on-site disposal system that will support the proposed use. The disposal system shall be reviewed by the Interior Health Authority and Building & Permitting.

3. This subject parcel is not currently serviced by any of the water suppliers within the City of Kelowna. Provide confirmation from the Interior Health Authority and the Province of British Columbia that any proposed or existing water intakes or wells are appropriately designed and permitted.

**City:** Kelowna, BC

________________________________________  _______________________
Terry Barton, Development Planning Department Manager  Date
1. SCOPE OF APPROVAL

This Development Permit applies to and only to those lands within the Municipality as described above, and any and all buildings, structures and other development thereon.

This Development Permit is issued subject to compliance with all of the Bylaws of the Municipality applicable thereto, except as specifically varied or supplemented by this permit, noted in the Terms and Conditions below.

The issuance of a permit limits the permit holder to be in strict compliance with regulations of the Zoning Bylaw and all other Bylaws unless specific variances have been authorized by the Development Permit. No implied variances from bylaw provisions shall be granted by virtue of drawing notations that are inconsistent with bylaw provisions and that may not have been identified as required Variances by the applicant or Municipal staff.

2. CONDITIONS OF APPROVAL

a) The dimensions and siting of the dwelling to be constructed on the land be in accordance with Schedule “A”; 

b) Landscape Buffer to be provided on the land be in accordance with Schedule “B”; and

c) The applicant be required to post with the City a Landscape Performance Security deposit in the form of a "Letter of Credit" in the amount of 125% of the estimated value of the landscaping, as determined by a Registered Landscape Architect.

This Development Permit is valid for two (2) years from the Council Date of Decision if applicable, or Community Planning Department Manager approval, with no opportunity to extend.

3. PERFORMANCE SECURITY

As a condition of the issuance of this Permit, Council is holding the security set out below to ensure that development is carried out in accordance with the terms and conditions of this Permit. Should any interest be earned upon the security, it shall accrue to the Developer and be paid to the Developer or his or her designate if the security is returned. The condition of the posting of the security is that should the Developer fail to carry out the development hereby authorized, according to the terms and conditions of this Permit within the time provided, the Municipality may use enter into an agreement with the property owner of the day to have the work carried out, and any surplus shall be paid over to the property own of the day. Should the Developer carry out the development permitted by this Permit within the time set out above, the security shall be returned to the Developer or his or her designate. There is filed accordingly:

a) A Certified Cheque in the amount of; $13,053.13

Before any bond or security required under this Permit is reduced or released, the Developer will provide the City with a statutory declaration certifying that all labour, material, workers’ compensation and other taxes and costs have been paid.

4. Indemnification

Upon commencement of the works authorized by this Permit the Developer covenants and agrees to save harmless and effectually indemnify the Municipality against:

a) All actions and proceedings, costs, damages, expenses, claims, and demands whatsoever and by whomsoever brought, by reason of the Municipality said Permit.

All costs, expenses, claims that may be incurred by the Municipality where the construction, engineering or other types of works as called for by the Permit results in damages to any property owned in whole or in part by the Municipality or which the Municipality by duty or custom is obliged, directly or indirectly in any way or to any degree, to construct, repair, or maintain.

The PERMIT HOLDER is the CURRENT LAND OWNER. 
Security shall ONLY be returned to the signatory of the Landscape Agreement or their designates.
1.0 Recommendation

THAT Council authorizes the issuance of Development Variance Permit No. DVP19-0154 for Lot A District Lot 219 ODYD Plan 5315, located at 274 Chapin Rd, Kelowna, BC;
AND THAT variances to the following sections of Zoning Bylaw No. 8000 be granted:

Section 7.5.9 – Landscaping and Screening Fencing and Retaining Walls
a) To vary the maximum height of the retaining wall from 1.2 m required to 5.0m proposed in accordance with Schedule “A”.

Section 6.5.3 – General Development Regulations
b) To vary the maximum height of an accessory building from 4.8m permitted to 5.4m proposed in accordance with Schedule “A”.

AND FURTHER THAT this Development Variance Permit is valid for two (2) years from the date of Council approval, with no opportunity to extend.

2.0 Purpose

To vary the maximum height of retaining wall and the maximum height of an accessory building on the subject property.

3.0 Development Planning

4.0 Proposal

4.1 Project Description

The applicant is proposing a new garage with bonus room and a new retaining wall on the subject property. The topography of the subject property presents challenges as the existing grade at the east side of the property slopes steeply down towards the west property line. In this case the retaining wall will fulfill the important structural function of safely retaining soil. The soil permit process for the retaining wall will
require sealed engineering design, documented independent review and schedules to achieve the soil permit approval. The majority of the retaining wall will be screened by the garage and the remainder will be screened by several existing trees from Okanagan Lake. The applicant is also seeking a height variance to allow a garage building with better accessibility for indoor boat and vehicle storage. The building grade of the proposed garage is approximately 8.0m below the adjacent property to the east hence the need for the retaining wall and should not impede neighboring views.

In fulfillment of Council Policy No. 367 respecting public consultation, the applicant undertook neighbor consultation by individually contacting the neighbors within a 50 metre radius. Staff has not fielded any objections or correspondence from the neighbors.

4.2 Site Context

The subject property is located at the end of Chapin Road, in the Central City sector of Kelowna. The subject property is zoned RU1 with a Future Land Use designation of S2RES and is in the Permanent Growth Boundary.

Specifically, adjacent land uses are as follows:

<table>
<thead>
<tr>
<th>Orientation</th>
<th>Zoning</th>

5.0 **Current Development Policies**

5.1 **Kelowna Official Community Plan (OCP)**

**Development Process**

**Ensure environmentally sustainable development.**

Steep Slopes. Prohibit development on steep slopes (+30% or greater for a minimum distance of 10 metres) except where provided for in ASPs adopted or subdivisions approved prior to adoption of OCP Bylaw 10500.

- Kelowna 2030 OCP (Bylaw 10500) was adopted by City Council on May 30, 2011. The subject property was created in 2006, allowing a parcel with slopes over 30% to be created. City staff would like to see this lot developed in a manner that reduces the impact of grades around adjacent property lines. The proposed grading plan and site plan isolate changes in the existing grade to the south east portion of the property.

**Hillside Objectives.**

Promote the siting of buildings and designs that are compatible with the steep slope context; Ensure compatibility with existing neighbourhood or streetscape;

- The single storey design along stellar Drive is compatible with single family homes along the north side of Stellar Drive.

**Context Considerations.** Design and locate buildings so the hillside landscape rather than the sky serves as a backdrop;

To vary the required retaining wall from 1.2m permitted to 5.0m proposed.

Section 6.5.3 – General Development Regulations
To vary the maximum height of an accessory building from 4.8m permitted to 5.4m proposed.

The development has been approved subject to any attached terms and conditions, and to full compliance with the approved plans bearing the stamp of approval and the above described development permit number.

The present owner and any subsequent owner of the above described land must comply with any attached terms and conditions.

Date of Decision: October 8th, 2019
Decision By: CITY COUNCIL
Issued Date: DATE
Development Permit Area: NA
File Manager: SS

This permit will not be valid if development has not commenced within 2 years of the council approved Date of Decision.

Existing Zone: RU1 – Large Lot Housing
Future Land Use Designation: S2RES – Single Two Unit Residential

This is NOT a Building Permit.

In addition to your Development Permit, a Building Permit may be required prior to any work commencing. For further information, contact the City of Kelowna, Development Services Branch.

NOTICE

This permit does not relieve the owner or the owner’s authorized agent from full compliance with the requirements of any federal, provincial or other municipal legislation, or the terms and conditions of any easement, covenant, building scheme or agreement affecting the building or land.

Owner: Douglas Mills
Address: 526 Crescent Rd N.W
City: Calgary, AB
Phone: 250-260-0226

Planning & Development Services
1. **SCOPE OF APPROVAL**

This Development Permit applies to and only to those lands within the Municipality as described above, and any and all buildings, structures and other development thereon.

This Development Permit is issued subject to compliance with all of the Bylaws of the Municipality applicable thereto, except as specifically varied or supplemented by this permit, noted in the Terms and Conditions below.

The issuance of a permit limits the permit holder to be in strict compliance with regulations of the Zoning Bylaw and all other Bylaws unless specific variances have been authorized by the Development Permit. No implied variances from bylaw provisions shall be granted by virtue of drawing notations that are inconsistent with bylaw provisions and that may not have been identified as required Variances by the applicant or Municipal staff.

2. **CONDITIONS OF APPROVAL**

   a) The dimensions and siting of the retaining wall to be constructed on the land be in accordance with Schedule "A";

This Development Permit is valid for two (2) years from the Council Date of Decision if applicable, or Community Planning Department Manager approval, with no opportunity to extend.

3. **PERFORMANCE SECURITY**

As a condition of the issuance of this Permit, Council is holding the security set out below to ensure that development is carried out in accordance with the terms and conditions of this Permit. Should any interest be earned upon the security, it shall accrue to the Developer and be paid to the Developer or his or her designate if the security is returned. The condition of the posting of the security is that should the Developer fail to carry out the development hereby authorized, according to the terms and conditions of this Permit within the time provided, the Municipality may use enter into an agreement with the property owner of the day to have the work carried out, and any surplus shall be paid over to the property owner of the day. Should the Developer carry out the development permitted by this Permit within the time set out above, the security shall be returned to the Developer or his or her designate. There is filed accordingly:

   a) n/a

4. **Indemnification**

Upon commencement of the works authorized by this Permit the Developer covenants and agrees to save harmless and effectually indemnify the Municipality against:

   a) All actions and proceedings, costs, damages, expenses, claims, and demands whatsoever and by whomsoever brought, by reason of the Municipality said Permit.

All costs, expenses, claims that may be incurred by the Municipality where the construction, engineering or other types of works as called for by the Permit results in damages to any property owned in whole or in part by the Municipality or which the Municipality by duty or custom is obliged, directly or indirectly in any way or to any degree, to construct, repair, or maintain.

The PERMIT HOLDER is the CURRENT LAND OWNER.

Security shall ONLY be returned to the signatory of the Landscape Agreement or their designates.
CONCRETE TEMPERATURE SHALL BE MAINTAINED ABOVE 10° C FOR AT LEAST 3 DAYS OR 7.

DESIGNATION OF REINFORCING BARS:

4.

LAP SPLICE REINFORCEMENT AS FOLLOWS (UNLESS OTHERWISE NOTED):

6.

WELDED WIRE MESH SHALL CONFORM TO CSA G30.5. LAPS SHALL INCLUDE TWO

5.

400. WELDED WIRE MESH SHALL CONFORM TO CSA G30.5. LAPS SHALL INCLUDE TWO

CITY OF KELOWNA
MEMORANDUM

Date: August 6, 2019
File No.: DVP19-0154
To: Community Planning (SS)
From: Development Engineering Manager (JK)
Subject: 274 Chapin Rd. Retaining Wall Height

The Development Engineering Branch has the following comments associated with this application for a development variance permit:

A Development Variance application to vary the height of a garage from 4.8m (permitted) to 5.4m (proposed) and to vary the height of a retaining wall from 1.2m (permitted) to 5.0m (proposed) to allow the construction of a new garage on the subject property is subject to the conditions within Bulletin # 17-02 R2

4. Retaining Walls & Rockfall Protection
With increased hillside development, Development Engineering wishes to remind the Development Community of the need of adequate Rockfall Protection adjacent the walls. Please consider BC MOT Supplement to TAC Geometric Design Guide 440, page 440-8, which outlines a ditch bottom width of 1.25-2.75m, depending on wall height. Sidewalks and utilities should be kept out of this protection area. Additional ROW may be required.

Where walls are on the high side, the City's preference is that the walls remain setback and on private property. Where the walls hold up the road, the City's preference is that additional dedication be provided and the walls be owned by the City. Please design any geogrids or tie-backs so that they do not encroach into the required road ROW.

Engineers and Geoscientists BC’s Quality Management Guidelines: Documented Independent Review of Structural Designs shall be followed/implemented:

“Retaining walls including but not limited to, gravity, piling, cantilever, anchored, mechanically stabilized earth (MSE), and geosynthetic reinforced soil (GRS) walls when over 3.0 m high or deemed to be high risk are included in the requirement to have documented independent reviews conducted by a qualified professional, as retaining walls fulfill the important structural function of safely retaining soil.”

Further, while the City Zoning Bylaw allows for walls of up to 1.2m and requires setbacks and tiers for higher, and Bulletin 07-05 prescribes a Development Variance Permit for overhead walls after subdivision, any wall greater than two tiers or 2.4m shall be based on Professional Reliance and require geotechnical/structural design and Schedules at time of approval.
