

CITY OF KELOWNA

BYLAW NO. 11643

Official Community Plan Amendment No. OCP18-0016 Amendment to Chapter 6 – Environment Amendments

A bylaw to amend the "Kelowna 2030 – Official Community Plan Bylaw No. 10500".

The Municipal Council of the City of Kelowna, in open meeting assembled, enacts as follows:

1. THAT Chapter 6 – Environment , Objective 6.2 Improve energy efficiency and reduce community greenhouse gas emissions be amended by deleting Policy 1 that reads:

"GHG Reduction Target and Actions. The City of Kelowna will, in partnership with: senior governments; local residents and businesses; NGOs; external agencies; and utility providers, work towards reducing community greenhouse gas emissions by 33% (from 2007 levels) by 2020.

The City of Kelowna's efforts will be focussed on creating more mixeduse neighbourhoods (as identified on the OCP Future Land Use map) and on ensuring that residents can conveniently and safely travel by bus or by foot, bicycle and other forms of active transportation to get to major community destinations while ensuring the efficient movement of goods and services.

The City will support the reduced use of fossil fuels in buildings by encouraging renewable energy supplies, district energy systems and energy efficient technologies in new and existing buildings. By working with senior government partners, regulated utilities and others, the City will lead through example and strive to meet the BC Climate Action Charter targets for the reduction of GHG emissions from municipal infrastructure."

And replacing it with:

"GHG Reduction Target and Actions. The City of Kelowna will, in partnership with: senior governments; local residents and businesses; NGOs; external agencies; and utility providers, work towards reducing absolute community greenhouse gas emissions by:

- 4% below 2007 levels by 2023;
- 25% below 2007 levels by 2033; and
- 80% below 2007 levels by 2050.

The City of Kelowna's efforts will be focussed on creating a dynamic community that embraces sustainable transportation options, energy efficient buildings and vibrant urban centres.

The City will support the reduced use of fossil fuels in buildings by encouraging renewable energy supplies, and energy efficient technologies in new and existing buildings.

The City will lead through example and strive to meet the BC Climate Action Charter targets for the reduction of GHG emissions from municipal infrastructure."

2. This bylaw shall come into full force and effect and is binding on all persons as and from the date of adoption.
