

3.0 Community Planning

Community Planning Staff support the application to rezone from the RU1 – Large Lot Housing zone to the RU6 – Two Dwelling Housing zone to allow a second dwelling to be developed on the subject property. The RU6 zone is consistent with the property's existing Future Land Use designation of S2RES – Single / Two Unit Residential. It is within the City's Permanent Growth Boundary and meets the minimum lot dimensions and area for two dwelling housing in the RU6 zone.

The application meets the intent of several Official Community Plan (OCP) goals and policies related to containing growth within developed areas and providing for a variety of housing options. A conceptual site plan has been submitted, shown in Attachment "A", demonstrating that a second dwelling can be constructed, without any variances being requested.

The applicant has confirmed the completion of neighbourhood notification in accordance with Council Policy No. 367.

4.0 Proposal

4.1 Project Description

There is currently an existing single family dwelling on the subject property. Should Council support the rezoning application, the existing dwelling is proposed to remain, and a second dwelling would be constructed to the south of the existing dwelling. The applicant has submitted a conceptual site plan showing a proposed second dwelling, with approximately a 1,000 ft² (90 m²) footprint.

4.2 Site Context

The subject property is located on the south side of Fitzpatrick Road in the City's Rutland Sector. It is approximately 850 m² in area and currently has one single detached house. It is in close proximity to Chichester Wetland Park and there is a BC Transit bus stop directly in front of the subject property on Fitzpatrick Road.

Specifically, adjacent land uses are as follows:

Orientation	Zoning	Land Use
North	RR3 – Rural Residential 3	Residential
East	RU1 – Large Lot Housing	Residential
South	RU1 – Large Lot Housing	Residential
West	RU1 – Large Lot Housing	Residential

Subject Property Map: 425 Fitzpatrick Road

4.3 Zoning Analysis Table

Zoning Analysis Table		
CRITERIA	RU6 ZONE REQUIREMENTS	PROPOSAL
Two Dwelling Housing Regulations		
Lot Area	700 m ²	850 m ²
Lot Width	18.0 m	22.86 m
Lot Depth	30.0 m	26.58 m

5.0 Current Development Policies

5.1 Kelowna Official Community Plan (OCP)

Chapter 1: Introduction

Goal 1. Contain Urban Growth. Reduce greenfield urban sprawl and focus growth in compact, connected and mixed-use (residential and commercial) urban and village centres.

Goal 2. Address Housing Needs of All Residents. Address housing needs of all residents by working towards an adequate supply of a variety of housing.

Development Process

Objective 5.3 Focus development to designated growth areas.

Policy 5.3.2 Compact Urban Form. Develop a compact urban form that maximizes the use of existing infrastructure and contributes to energy efficient settlement patterns. This will be done by increasing densities (approximately 75 - 100 people and/or jobs located within a 400 metre walking distance of transit stops is required to support the level of transit service) through development, conversion, and re-development within Urban Centres (see Map 5.3) in particular and existing areas as per the provisions of the Generalized Future Land Use Map 4.1.

Policy 5.22.6 Sensitive Infill. Encourage new development or redevelopment in existing residential areas to be sensitive to or reflect the character of the neighbourhood with respect to building design, height and siting.

Policy 5.22.7 Healthy Communities. Through current zoning regulations and development processes, foster healthy, inclusive communities and a diverse mix of housing forms, consistent with the appearance of the surrounding neighbourhood.
