1.0 Recommendation

WHEREAS the BC Provincial Government has mandated that all Land Use Contracts under the jurisdiction of a local government and in the Province of British Columbia be terminated by 2024;

AND WHEREAS the BC Provincial Government has provided a legislated process for the early termination of land use contracts when the local government has adopted a zoning bylaw that will apply to the land at the time the termination bylaw comes into force;

THEREFORE, BE IT RESOLVED THAT as the underlying RU6 – Two Dwelling Housing zone in the City of Kelowna Zoning Bylaw No. 8000 applies to all subject properties under Land Use Contract LUC76-1077;

THAT Application No. LUCT19-0008 to terminate LUC76-1077 from properties identifies in 'Schedule A', located on Bolotzky Court, Chepesuik Court, and Milex Court, Kelowna, B.C. be considered by Council;

AND THAT the Land Use Contract Termination Bylaw be forwarded to a Public hearing for further Consideration.

2.0 Purpose

To consider an application for early termination of Land Use Contract LUC76-1077 and revert the parcels to the underlying RU6 – Two Dwelling Housing zone as identified in 'Schedule A'.

3.0 Development Planning

Staff are bringing forth and are recommending this Land Use Contract (LUC76-1077) be terminated from the subject properties. The current LUC affects four properties on Bolotzky Court, Chepesuik Court, and Milex Court. The Land Use Contract currently restricts the use to two family dwellings per lot.

The underlying zoning (RU6 – Two Dwelling Housing) fits with the established neighbourhood and is an appropriate zone for the existing land use. The Land Use Contract uses and regulations fit within the RU6 zone.

4.0 Proposal

4.1 Background

Land Use Contracts were a tool regularly used in the 1970's before it was eliminated on November 15th 1978. The purpose of the tool was to allow local governments to arrive at agreements with specific developers to grant development rights over and above what was allowed under current zoning. This was typically done in exchange for commitments by developers to help finance the infrastructure costs of development.

Issues have arisen, specifically with the continued application of land use contracts as they supersede any subsequent bylaw dealing with land use and development including: Zoning Bylaws, Development Cost Charge Bylaws, and Development Permits. The Local Government Act was amended in 2014 stating all land use contracts in the province will be terminated as of June 30th 2024. Land use contracts will remain in force until that date unless terminated early by the municipality. By June 20th 2022, local governments must have appropriate zoning regulations in place to replace land use contracts upon their termination. However, LUC terminations (unlike LUC discharges) do not apply when Council adopts the bylaw. Terminations require a one-year grace period as outlined by the Local Government Act.

4.2 Notification

Local governments must provide notice to each owner that the termination of land use contract is occurring and must provide notice of what the new zoning regulations apply to the land. The municipality must send additional letters after the one-year grace period is complete informing the property owners of which land use regulations apply to their properties.

Staff are recommending Council Notification Policy #367 including early notification and development signage be waived for all Land Use Contract terminations. Public consultation in this case is not recommended as the notification policy is a City initiative. Staff are suggesting the standard development notification, as outlined above, be sent to properties affected by the LUC under consideration for termination.
