

# Report to Council

**Date:** October 4, 2021  
**To:** Council  
**From:** City Manager  
**Subject:** 2022 Permissive Tax Exemption Bylaw No. 12240  
**Department:** Financial Services

---

## **Recommendation:**

THAT Council receives, for information, the Report from the Revenue Supervisor dated October 4, 2021 with respect to the 2022 Permissive Tax Exemption Bylaw;

AND THAT Bylaw No. 12240, being the Permissive Tax Exemption Bylaw be forwarded for reading consideration.

## **Purpose:**

To consider a property tax exemption for those organizations that have met the qualifications as outlined in Permissive Tax Exemption Policy #327.

## **Background:**

Section 224 of the Community Charter provides the authority for permissive tax exemptions. Council may exempt land and improvements in their entirety or a portion thereof for a period of up to 10 years. Authority to grant permissive tax exemptions is a policy tool available to Council to promote or achieve specific goals. As a general rule when Council grants a permissive tax exemption on a specific property, that property is automatically exempted from municipal, school, regional district, hospital and BC Assessment taxes. The permissive tax exemption does not apply to utility fees such as garbage/landfill/recycle charges or to parcel taxes such as the Water Parcel tax.

Permissive Tax Exemption Policy #327 sets out the extent, conditions, and penalties, along with the general process and the eligibility criteria used by the City of Kelowna to determine property eligibility for Permissive Tax Exemptions.

There is no obligation on the part of Council to grant a permissive tax exemption in any year. Permissive tax exemptions that are granted in any year reduce the total value of the tax base for that year and thereby increase the burden of taxation to properties that are not exempt.

**Discussion:**

The process requires the completion of applications on a five-year basis for places of worship, private schools and hospitals, with other non-profit organizations reapplying and being reconsidered annually. The year 2022 is the second in this five-year cycle for places of worship, private schools and hospitals.

Renewal applications for all currently exempt applicants as well as new applicants were reviewed by staff in relation to Council Policy # 327 and the below recommendations represent the changes to the status of each applicant.

The estimated municipal tax impact related to the 2022 permissive exemptions is \$2,051,365.

The following changes to Schedules A through H of the 2021 Tax Exemption Bylaw No. 12034 for 2022 property tax exemption are placed before Council for consideration:

**Considerations applicable to this report:*****Legal/Statutory Authority:***

Council may, by bylaw in accordance with sections 220, 224 and 225 of the Community Charter exempt land or improvements, or both, from taxation to the extent, for the period and subject to the conditions provided in the bylaw

***Legal/Statutory Procedural Requirements:***

Under section 227 of the Community Charter, Council must give notice of a proposed bylaw in accordance with section 94 [public notice must be once a week for 2 consecutive weeks], identifying the property that would be subject to the bylaw, describe the proposed exemption, state the number of years that the exemption may be provided and provide an estimate of the amount of taxes that would be imposed on the property if it were not exempt, for the year in which the proposed bylaw is to take effect and the following 2 years.

Under Division 7 – Permissive Exemptions of the Community Charter a bylaw may only be adopted by an affirmative vote of the majority of Council and does not apply to taxation in a calendar year unless it comes into force on or before October 31 in the preceding year.

***Existing Policy:***

Permissive Tax Exemption Policy 327

***Financial/Budgetary Considerations:***

Tax exemptions are not financed through a budgetary line item in the same way as municipal spending, nor do they affect the amount that has to be raised through property taxes. Nevertheless, tax exemptions do impose a cost on taxpayers who are not exempt. Tax exemptions reduce the total value of the tax base (i.e. the taxable value of property). Therefore, tax exemptions transfer the burden of taxation from properties that are exempt to properties that are taxable. An increase in the value of tax exemptions increases the taxes paid by properties that are not tax exempt. Refer to Appendix A, 2022 Tax Exemptions Summary – Municipal Tax Impact related to General Exemption and Permissive Exemption; Appendix B, 2022 Tax Exemptions Summary – Municipal Tax Impact related to Permissive Exemption only; and Appendix C – Municipal Tax Impact related to Permissive Tax Exemption for the Years 2022-2024.
