Staff Recommendation

▶ Staff support the proposal:

- ▶ The proposal is consistent with the Area Structure Plan for the Tower Ranch neighbourhood and the Official Community Plan.
- ▶ The proposed plans limit the potential impact to natural hazard areas as well as protecting highly sensitive ecosystems in the area.
- ▶ The proposed development as a strata development will limit the amount of infrastructure that will be City owned and maintained.
- ▶ Portions of the site adjacent to ALR lands will include buffering consistent with OCP policy and farm protection development permit guidelines.
