Project: Red Bird Brewing-Liquor License Revision
Subject: Project Rationale for Special Event Area (SEA)

We regularly host outdoor events throughout the year in our parking lot area as indicated on the drawing provided. This area can be closed off with a sliding fence gate. Our location in the industrial brewery district of the Kelowna north end, lends itself well to events in this proposed area. The plan is to host events such as the following:

- Music concerts, markets, fundraising events, festivals, cultural events.

Our history of music and other events on site spans 6 years. We schedule events such that we **always** end the amplified, outdoor music portion by 11:00pm.

Currently we are only allowed to host 6 multi-day events per year. Due to the small number of events allowed we have to prioritize and focus on concerts as it is our major revenue driver. We would like to, however, host more events that are community and family focused such as markets, sporting events (youth skatebord competition for example), fundraisers (leaning on our local Falcons, Rockets and some NHL players in the area). We're actually chatting with a mobile petting zoo from the coast to come down and setup for a weekend to give families a truly one-of-a kind experience.

These events really do require the special event area to be not only financially feasible but also to make them a fantastic experience for our guests. A great example is the success we've seen from markets in the previous years when customers are able to carry their beer (or other beverage) with them into the parking lot area while shopping as opposed to not having the space licensed for the day. The sales achieved by the local vendors comparatively is night and day and essentially rules out the possibility to host these markets without the license as the vendors aren't interested in setting up without the potential for higher sales.

This revision to our licesed area will eliminate the need for one-off special event applications throughout the year. We are seeking approval for 30 individual days per calendar year to host licensed events in our parking lot.

Additionally we are asking for an hours change to our liquor license. We are currently licensed from noon until midnight, 7 days a week. We would like to change this to 9am to midnight, 7 days a week. These earlier hours will give us the opportunity to host more family-based events

earlier in the day (such as yoga sessions on the weekends, or earlier start times for an easter egg hunt or other family oriented events).

Although we are licensed until midnight everyday, we **always** end the amplified music portion by 11pm. We typically end beverage service around 11:15pm and never later than 11:30pm
