CITY OF KELOWNA

MEMORANDUM

Date: March 17, 2025

File No.: Z24-0058

To: Development Planning Dept (AF)

From: Development Engineering Department

Subject: 3577 - 3581 Lakeshore Rd MF1 – MF3

The Development Engineering Department has the following comments with this Rezoning Application to rezone the subject properties from MF1 – Infill Housing Zone to MF3 – Apartment Housing Zone for a mid-rise multi-family development on the subject property.

Works and Servicing requirements directly attributable at the time of Building Permit will be provided in the future Development Engineering Department memo for the Development Permit application.

The Development Engineering Technologist for this file is Aaron Sangster (asangster@kelowna.ca).

1. <u>SITE-SPECIFIC REQUIREMENTS</u>

- a. Only one driveway, of maximum 6.0m width, will be permitted. Driveway must access from Lakeshore Rd.
 - The proposed driveway configuration appears consistent with this requirement.
- a. 3.0 m road dedication along the entire frontage of Lakeshore Rd is required to achieve a City ROW objective and an additional 2.0 m road reserve along the entire frontage of Lakeshore Rd. to achieve the City DDC road objectives.

2. GENERAL

a. The following comments and requirements are valid for a period of one (1) year from the reference date of this memo, or until the application has been closed, whichever occurs first. The City of Kelowna reserves the rights to modify some or all items in this memo if the zone amendment bylaw is not adopted within this time.

Re: Neighbourhood Notification Summary – Z24-0058

Dear City of Kelowna Planning Department,

Regarding the proposed rezoning at 3577 & 3581 Lakeshore Road, a neighbourhood consultation package consisting of the attached documents was mailed on January 9, 2025, to all properties within the 50m radius identified by the City of Kelowna for application file Z24-0058. To date, neither the property owners nor LIME Architecture Inc. have received any feedback or correspondence from the recipients.

Sincerely:

Matt Johnston Architect AIBC, LEED AP

Re: Rezoning Proposal for 3577 and 3581 Lakeshore Road, Kelowna, BC (The Site)

Dear Neighbours,

We would like to take this opportunity to introduce you to the proposed rezoning of the property located at 3577 and 3581 Lakeshore Road from MF1 (Single Family housing) to MF3 (Apartment housing) to facilitate a 45-unit, 6 storey affordable housing development.

Located on a Transit Supportive Corridor (TSC) within the City of Kelowna's Core Area as identified in the 2040 OCP, 3577 & 3581 Lakeshore is south of the South Pandosy Urban Centre. The OCP growth strategy emphasizes diversifying housing options within the Core Area, which is why we are proposing a multi-family development. Objective 5.2 of the OCP promotes increased density along TSC's, enabling more people to live, work, and shop nearby while supporting transit and local services. To align with this vision, we are proposing a rezoning to an MF3 designation which permits higher density and is consistent with the City of Kelowna's 2040 OCP. The rezoning will help fulfill these objectives, delivering much needed housing in Kelowna's Core Area.

As Development Permit drawings are finalized, Chapter 18 – Form and Character, of the OCP will be carefully followed. The proposed development will be designed as a thoughtful, positive, and visually appealing addition to the neighbourhood. To respect neighbouring properties, the building exceeds the required setback distances and will include large balconies and windows facing the front street, fostering a welcoming appearance and enhancing street-level engagement. A ground orientated unit has been integrated to anchor the building, creating a seamless transition from the street to the rest of the structure. Additionally, a rooftop amenity space will be provided, offering residents a high-quality, functional, and desirable area to interact. Parking will also be provided onsite per the city zoning regulations.

In summary, the proposed rezoning allows for a thoughtful, sustainable multi-family housing solution to properties located within the Core Area, along a Transit Supportive Corridor and meets the following OCP objectives and guidelines:

- i. Stop planning new suburban neighbourhoods: the proposed development offers a variety of housing while not contributing to urban sprawl
- Target growth along Transit Supportive Corridors: the proposed development will allow for more density, which will increase the demand for transit services
- iii. Promote more housing diversity: healthy neighbourhoods support a variety of households, incomes and life stages

Please see the attached proposal and additional information regarding this rezoning application. This information package includes the site plan, elevations and all contact details of the owner, Architect, and City Staff. If you have any questions or require further information, please do not hesitate to contact any of the aforementioned.

Transmittal Page 2 of 4

Location of the proposal:

- 3577 and 3581 Lakeshore Road, Kelowna, BC

Detailed description of the proposal, including the specific changes proposed:

Proposed 45-unit, 6 storey affordable housing development.
