Mayor and Council
1435 Water Street
Kelowna, BC V1Y 1J4

People in Motion is proud to be an active participant on the Community for All Stakeholder Advisory Committee and involved in the development of the actions within the Community for All Action Plan. People in Motion sees the significant benefits our entire community will receive as a direct result of implementing the Community for All Action Plan.

One of the strengths of this Plan includes the collaboration and partnerships with, and commitment from, key community stakeholders. The implementation of the actions and fostering an all ages and abilities culture will require the combined efforts of our community.

People in Motion has committed to leading the following action:

- Expand the online Accessibility Inventory to increase awareness of accessible opportunities (Inclusive Community)
- Provide opportunities for people with diverse abilities to showcase products and skills at community markets or events (Inclusive Community)

Please note that these actions are contingent on receiving additional funding.

People in Motion believes that a strong, safe, active and vibrant community is a community where all ages and abilities are welcomed and will flourish.

Sincerely,

A handwritten signature in blue ink, appearing to read "Louise Abbott".

Louise Abbott, Executive Director
People in Motion

Thank you!
