- Raised concern with maintenance and upkeep of lane ways.

Suzan Sutton, Fuller Avenue

- Advised that she lives in the subject area.
- Wondered how these amendments would impact her property.
- Wondered how sewer, hydro and gas would be allocated.
- Wondered what size the parking stalls would actually be.
- Raised concern regarding greens space and lack of trees.
- Questioned how ownership/rental conflicts would be addressed.

Mayor Basran

- The City has no jurisdiction on landlord/tenant issues.

Peter Chataway, Cadder Avenue

- Agrees with the density increase but does not believe this is the right method to achieve it; believes there should be a three-unit maximum rather than four-unit maximum.
- Provided statistics on cost per unit under a three and four-unit density build out and suggested a three-unit maximum would be a more livable and sustainable option and would receive greater acceptance from the public.
- Responded to questions from Council.

Steven Hyndman, Lawson Avenue

- Raised questions and concerns for properties that have a side lane access opposed to a rear lane access under the proposed amendments.
- Raised concern that he cannot build more than two units due to the restriction.

Wade Klaver, Wilson Avenue

- Raised concern with reduction of maximum building height under the proposed amendments; ability to have 2.5 storey enables separate living space in the main structure.
- Believes the reduction of setback in the front yard is moving in the right direction as no one uses their front lawns very much.
- Inquired if there was any bylaw regarding short term Air B&B type rentals.
- Responded to questions from Council.

Evan Good, Resident

- Spoke to lot widths under 15 m and wanted to know if variances could be undertaken.

Resident, Lawson Avenue

- Believes the RU7 zone is a very progressive initiative and is in favour of it.
- Raised concern with side lane access options and believes provisions should be made for corner lane lots to encourage friendly look and encourage development.

Penny Pearson, Glenwood Avenue

- Wondered why the geographic area under original consideration for the RU7 zone was changed to what is being proposed in the bylaw today; all homes in original consideration are very comparable.
- Raised concern regarding land value impact.

Denise Dillon, Ethel Street

- Raised concern with bylaw enforcement of existing land use non-compliance in RU6 zoned neighbourhoods; believes it's important to consider what enforcement will look like.

Suzan Sutton, Fuller Avenue

- Raised concern with how a property owner would "sell" the property; is it defined as a single family dwelling or is it defined as a Strata.
- Raised concerns regarding insurance coverage and who is responsible to pay for insurance.

Rick Serani, Morrison Avenue

- Believes this is a great initiative.
- Questioned whether properties under 37 m property width are included in this bylaw.

Staff:

- Spoke to the original mapping area and advised that some areas did not have lane access and were removed.
- Spoke to implementing a bylaw enforcement plan.
- Spoke to greenspace and trees and advised that each property will go through a Development Permit process where design guidelines will ensure maintenance of trees or high quality replacement where that cannot occur.
- Spoke to maintenance of roadways and lane ways through DCC improvements.
- Made comment to this being a pilot project that will be reviewed after the first year.
- Confirmed building height could be varied and number of dwellings per lot cannot be varied.
