

Report to Council

Date: Feb. 1, 2017
File: 0610-01
To: Council
From: City Manager
Subject: Council priorities update
Report Prepared by: Communications

Recommendation:

THAT Council receives, for information, the Council priorities update from the City Manager, dated Feb. 1, 2017.

Purpose:

To provide Council with an update on its new and existing priorities.

Background:

Each Kelowna City Council develops strategic priorities for its term in office. The priorities provide focus for City of Kelowna investments and staff work plans.

In October 2016, Council met to review progress and discuss priorities based on the current environment at the mid-point of the term.

As a result, Council added four new priorities:

- Housing diversity
- Homelessness
- Public safety
- Preserve agricultural land

The six existing priorities include clean drinking water, building vibrant urban centres, ensuring a healthy, safe, active and inclusive community, delivering a balanced transportation network, being a catalyst for business, and providing strong financial management.

Communications Comments:

Council priorities documents will be posted online for public information at kelowna.ca/council.
