**Date:** June 12, 2017

**RIM No.** 1250-04

**To:** City Manager

**From:** Community Planning Department (JR)

**Application:** TA17-0007

**Owner:** Carbon Capture Mini Storage  
(Kelowna) GP Ltd.

**Address:** 437 Bay Avenue

**Applicant:** DiStefano Jaud Architecture

**Subject:** Text Amendment Application

Existing OCP Designation: IND - Industrial

Existing Zone: I<sub>4</sub> – Central Industrial

---

## 1.0 Recommendation

THAT Zoning Bylaw Text Amendment No. TA17-0007 to amend City of Kelowna Zoning Bylaw No. 8000 by amending principle uses to include commercial storage as outlined in Schedule "A" of the report from the Urban Planning Department dated June 12, 2017, be considered by Council.

AND THAT the Text Amendment Bylaw be forwarded to a Public Hearing for further consideration.

AND FURTHER THAT, subsequent to fourth reading of the above bylaw, a Development Permit and Development Variance Permit will be required as outlined in the report from the Community Planning Department dated June 12, 2017.

## 2.0 Purpose

To consider amendments to the Zoning Bylaw in order to allow commercial storage as a permitted use in the I<sub>4</sub> – Central Industrial zone.

## 3.0 Community Planning

Staff are supportive of the proposed Text Amendment application to facilitate the development of commercial storage at 437 Bay Avenue and within the I<sub>4</sub> – Central Industrial zone. Currently, commercial storage is not a permitted use in the I<sub>4</sub> zone, however, commercial storage is a permitted use in the other industrial zones. Commercial storage does not have any significant negative externalities on surrounding properties and therefore, staff feel the use is appropriate for the I<sub>4</sub> zone in relation to all the other allowable industrial uses.

## 4.0 Proposal

### 4.1 Project Description

The application is for a Text Amendment to allow commercial storage as a permitted use in the I<sub>4</sub> – Central Industrial zone to facilitate the development of a personal storage facility at 437 Bay Avenue.

The initial proposal is a five story, 10,270 m<sup>2</sup> personal storage facility for individuals and businesses. The design of the building is contemporary with a two-story storefront which activates the side along Ellis Street. The building strives to meet the highest environmental standards by planning for net-zero energy along with additional environmentally sustainable measures being implemented. The project seeks Petal-level Living Building Challenge (LBC) certification (exceeds LEED) and has applied to the Canada Green Building Council Zero Carbon Pilot Program. Further details on the form and character of the proposal will be examined at the development permit stage should Council approve the Text Amendment.

Currently, the proposal has two variances that are being tracked:

- 1) to reduce the number of parking stalls from 206 to 16;
- 2) to reduce the number of bicycle class 2 stalls from 31 to 16;

### 4.2 Site Context

Specifically, adjacent land uses are as follows:

Orientation	Zoning	Land Use
North	I <sub>4</sub> – Central Industrial	Fruit and Vegetable Storage
East	I <sub>2</sub> – General Industrial	Commercial
South	I <sub>4</sub> – Central Industrial	Boat Storage
West	I <sub>4</sub> – Central Industrial	Industrial - Vacant

**Subject Property:** 437 Bay Avenue
